CONFUSION.

## MYSTERY DEEPENS.

Fourth Person Now Is Sought.

Police Believe Another Man Is Implicated in Rigdon Tragedy.

Correct Story of the Affair Not Yet Known, They Suspect.

Conflicting Stories Are Related by Various Witnesses.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, July 19.—[Exclusive Dispatch.] A mysterious fourth person—a man in a struggle with whom Charles W. Rigdon is said to have been killed, came into the loop of the tragedy today. Attorney J. H. Lewis called at St. Luke's Hospital to confer with Mrs. Almeda Young about a report that two men and two women were in the office of John C. Fetzner when the attempted murder of Mrs. Young and the alleged suicide of Rigdon took place.

"Information has come to me that a fourth person, a man, was in that office when the shooting took place," said Attorney Lewis. "Who this person was I do not know, but I hope to learn through Mrs. Young."

Charges made to the police are to the effect that there had been a struggle between Rigdon and the second man after Mrs. Young had been shot and the theory of detectives working on the shooting is that the shot that killed Rigdon was fired during this struggle.

Coroner Hoffman made it plain that he was not sure who was responsible for the crime.

"I don't know who did the shooting," he said. "The whole thing looks bad and I am going to probe to the bottom of it."

SIGNIFICANT.

Overlaid with this new turn in the case it was recalled that Jay Rigdon, son of the dead man, had remarked after the shooting:

"Don't be too sure that this was a case of attempted murder and suicide."

The revolver with which Rigdon was killed and Mrs. Young was wounded is a Smith & Wesson 35-caliber, No. 74584. The files of the city firearm record show that no such revolver was purchased in Chicago.

The weapon is brand new, evidently purchased within the last few weeks. Both Rigdon and Mrs. Young came from out of the city since the first of June, Mrs. Young from the East and Rigdon from Reno, Nev.

Miss Trojman, who was a witness to the shooting in Fetzner's office, has refused to talk of the affair, barricading herself at the Evanston home, where Miss Fannie Deufex, former telephone operator at the De Jonghe Hotel,

## ROOSEVELT'S TALE BARRED.

Kansas Town Forbids Sale of "Outlook" Because of T. R.'s Comment on Fight.

(BY DIRECT WIRE TO THE TIMES.) HUTCHINSON (Kan.) July 19.

[Exclusive Dispatch.] Because of an article by Theodore Roosevelt in the Outlook, the last issue of the magazine has been barred from sale in Hutchinson. The magazine comes under the ban of a recent ordinance which prohibited the exhibition of prize-fight pictures and the sale of newspapers or magazines printing such pictures or printing stories of prize-fights. Of course, it was never intended that the ordinance should place the Outlook in the same class as the Police Gazette, but under a strict interpretation of the ordinance any magazine which prints matter relating to prize-fighting is barred.

holds the fort against all inquirers. With the appearance of the new actor in the drama came the revelation of a mass of love letters written by Mrs. Corretta, or "Emm" Young, to Charles W. Rigdon.

Included in these is one long letter—evidently the last written by Mrs. Young before the shooting that may cost her life, and which did cost Rigdon's—in which she bares her heart, pictures her life as that of a "sewer set among domes," tells of a feeling of disgust for Rigdon as a "fend and taskmaster," and announces her determination to break from him irrevocably.

CONFLICTING TALES.

TOLD TO OFFICIALS.

(ASSOCIATED PRESS NIGHT REPORT.)

CHICAGO, July 19.—"I don't think the real story of the shooting of Mrs. Emma Young by Charles W. Rigdon and the suicide of the latter last Friday, has been told yet," said Coroner Peter M. Hoffman last night. "And there are certain persons who can tell much that has been left unsaid. We will get to the bottom of the whole affair if possible."

Many conflicting statements have been made by all parties in the case. Mrs. Young declared yesterday that Rigdon shot her and killed himself because he was jealous of two men. One of them, she said, is John C. Fetzner, millionaire, in whose office the shooting took place and the other is S. W. Tanner, clerk at a downtown hotel. Both men denied her story told to Police Inspector Lavin that she feared that Rigdon's original intention was to murder both her and Fetzner. She said she was afraid to go and meet the man alone and for that reason she took her half-sister "Mary Theresa Turner" with her to the Fetzner office.

"Mrs. Young assured me that Rigdon's discovery that she had written a letter to Mr. Fetzner was the immediate cause of the tragedy," Inspector Lavin said. "She also insisted that Rigdon had threatened to take the life of Fetzner a day or so before the shooting, and that Fetzner had sent her word 'for God's sake, see Rigdon and straighten this out.'"

"I was afraid to meet Rigdon alone

COMPLETES TRAVEL.

## MR. TAFT AT FOURTH CORNER OF COUNTRY.

(ASSOCIATED PRESS NIGHT REPORT.)

EASTPORT (Me.) July 19.—President Taft reached the northeast corner of the United States today. It was the first time a President had visited this section of the State and for Mr. Taft, it completes his travels to the four quarters of the country. He said today that his tour of the United States always impressed him with the homogeneity of the people, their aims and ambitions and their sense of true American citizenship, being everywhere the same.

President Taft and members of his party are stopping tonight aboard the yacht Mayflower, in the harbor. She will sail at 9 o'clock tomorrow for Bar Harbor, arriving there at 3 p.m., for a three days' stay.

The President spent an hour and a half ashore this afternoon and made a ten-minute speech. Mr. Taft did not touch on politics. He did say, however, that he did not see just why Maine should have her elections two months earlier than most of the other States. The first election here is to be held this year on September 12 and the Republican leaders are hopeful Mr. Taft's presence in the State and his speeches may have a good effect.

In his speech, the President expressed hope that closer commercial relations with Canada may be established in the next twelve months.

ALMOST IN CANADA.

To reach Eastport today, the Mayflower had to thread her way through Canadian waters. She is anchored tonight just on the Maine side of the St. Lawrence River, almost entirely surrounded by the waters of the Canadian Dominion. Looking over the quarter deck of the Mayflower this afternoon, the President's eyes caught the British ensign fluttering from masts on many islands. The contrast between the American colors and the British flag was a decided contrast.

On board the Mayflower, every building and hunting stand, every bay and stream, every hill and valley, every tree and bush, every flower and leaf, every bird and beast, every insect and every atom of matter, seemed to be part of the American scene.

On board the Mayflower, every building and hunting stand, every bay and stream, every hill and valley, every tree and bush, every flower and leaf, every bird and beast, every insect and every atom of matter, seemed to be part of the American scene.

## MISSING DOCTOR AND WIFE HE IS ACCUSED OF KILLING.

Dr. Hawley Harvey Crippen.

SENSATIONAL.

## SUITS INVOLVE HIGH SOCIETY.

DIVORCE ACTIONS AND PLEAS FOR DAMAGES.

Millionaire Horseman of Massachusetts Is Charged With Alienating Affections of Stepson's Wife—Nurse Sues Him for Slander—Six Legal Actions in This Series.

(BY DIRECT WIRE TO THE TIMES.) SWAMPSCOTT (Mass.) July 19.

[Exclusive Dispatch.] Probably the most sensational series of suits, involving a number of persons in high society, ever recorded in the office of the Essex County Clerk of Courts, are those which have been filed in connection with the divorce suits of Eben B. Phillips, a millionaire horseman of this town, and Mrs. Gertrude May Phillips, wife of Harry F. Phillips, a stepson of Eben.

The third suit, filed today, was that of Raymond S. Joo of Boston, formerly a nurse, against Eben B. Phillips. His suit is on grounds of slander, and he places the damages at \$50,000.

The second in the series of suits was brought yesterday by Mrs. Gertrude May Phillips, charging her husband with indiscretions in Boston last month.

Harry Phillips took a course at Groton, where he was a classmate and an intimate friend of Theodore Roosevelt, Jr.

FOR PROTECTION.

## TO CONFER ON RIVER BREAK.

PLAN TO MEET DANGERS FROM THE COLORADO.

Official Appointed by President to Investigate Situation in Imperial Valley Is Summoned to Washington—Discusses Best Means of Meeting Difficulty.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, July 19.—J. A. Ockerson, a member of the Mississippi River Commission, who was appointed by the President to investigate the situation in the Imperial Valley, Cal., where the Colorado River broke over its banks, today was requested by acting Secretary of the Interior Pierce to come to Washington from St. Louis for a conference.

Congress placed \$1,000,000 at the disposal of the President for work on the river in Mexico to protect the valley and plans to meet the situation will be developed as soon as Mr. Ockerson reaches Washington.

W. H. Holabird of the California Development Company, which owns the big canal in the valley, talked over the matter with the Interior Department officials today. Mr. Holabird favors the construction of a dyke to restore the river to its original channel. He will await the arrival of Engineer Ockerson for a conference.

LIGHTNING HITS PUEBLO.

PUEBLO (Colo.) July 19.—The warmest day of the year here today was followed by a heavy rain. At 10:30 tonight the mercury registered 99 degs. Lightning stopped the street car traffic and plunged the city into

that has baffled Scotland Yard and aroused all England. These are first authentic photographs of Dr. Crippen and wife, who was known on stage as Belle Elmore, to reach Los Angeles.

NEW DEVELOPMENTS.

## POLICE ORDER CANAL SEARCHED FOR BONES.

Scotland Yard Has Clue Which May Lead to Recovery of Other Parts of Body Found in Cellar of Dr. Hawley Crippen in London.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, July 19.—Scotland Yard has found what is believed to be a clue to the disposition of the bones which, with the flesh unearthed in the cellar in Hilldrop Crescent, once formed the body of Belle Elmore, the American actress-wife of Dr. Hawley H. Crippen.

As the result of a tireless search among the friends and known acquaintances of Ethel Claire LeNeve, the typist who disappeared recently with Dr. Crippen, the detectives found a woman who said that Miss LeNeve had been her friend and had talked to her in confidence.

The typist, the woman said, had spoken to her of mysterious visits paid by Dr. Crippen to the neighborhood of Regent's Park.

The theory woven from this information by the police is that the bones of the dead woman may have been carried in small parcels to Regent's Park and thrown into the Regent's canal. The authorities ordered that the canal be dragged.

This development has strengthened the belief of Miss LeNeve's friends that if Mrs. Crippen was murdered the woman who is said to have won her husband's affections was innocent of any knowledge of the crime.

At the inquest yesterday the physicians who examined the dismembered body testified that none of the bones had been found and that their analysis showed that the flesh had been skillfully carved from the skeleton.

MISSING PARTS NEEDED.

It has been deemed of great importance to discover the missing members, including the head, hands and feet, in order to complete the body and thus establish legally the case of murder. With the evidence at hand the experts have not as yet been able to determine so much as the sex of the victim.

Today the authorities offered a reward of \$1250 for evidence leading to the arrest of Dr. Crippen.

Reports of Crippen and his woman companion having been seen in different parts of the country are frequently received by the police, and there are occasional rumors that the two have been arrested.

Thus far Superintendent Frost of Scotland Yard, who is directing the search, does not admit that any important discovery has been made.

The ports of France are picketed with detectives. So closely have the officials believe it will be impossible for Dr. Crippen to flee this country without detection.

ENGLAND REQUESTS CRIPPEN'S ARREST.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, July 19.—The British government has asked the United States for the arrest and detention of Dr. H. H. Crippen, who is wanted in London in connection with the murder of his wife, should he be found in America. The difficulties which have attended the extradition of Porter Charlton, wanted in Italy on a charge of having murdered his wife, Dr. Crippen be arrested in the United States. Great Britain and the United States adhere to the policy of surrendering their own citizens who are accused of committing crimes in other countries, and it is understood that this policy will be adhered to in the case of Dr. Crippen if all the other requirements for extradition should be met.

FRENCH POLICE HAVE TRACE OF DR. CRIPPEN.

(ASSOCIATED PRESS NIGHT REPORT.) BOULOGNE (France) July 19.—The police have discovered that Dr. Crippen and the Leneve woman were here for two days, May 20 and 21. Crippen returned here alone about the end of June and has not been seen since. Detectives from Scotland Yard have been searching Le Touquet, a bathing place, and other resorts near by.

BOOST JOHN D.'S TAXES.

Appraisers Set Value of Forest Hill at \$1,415,930, an Increase of Over 500 Per Cent.

(BY DIRECT WIRE TO THE TIMES.) CLEVELAND (O.) July 19.—[Exclusive Dispatch.] Taxes on Forest Hill have been increased over 500 per cent. by the appraisers. They value the favorite home of John D. Rockefeller at \$1,415,930, and so reported to County Auditor Freestine. The last appraisal of this property was made in 1909, at \$250,220. Unless the oil magnate begs off before the County Board of Equalization, he will be compelled to write a check for taxes on an additional value of \$1,165,710 on his property in East Cleveland and Cleveland Heights in an average over that which he has been paying for the last ten years. It is expected that the oil king will enter a protest.

MONTROSE HAS HEAT RECORD.

MONTROSE (Colo.) July 19.—Montrose established a new season's record

BARBARIC.

## PRISONERS EXECUTED.

Shoot All, Is Order of Madriz.

Gen. Mena of Estrada's Army Intercepts Bloodthirsty Telegram.

Sends Information to State Department Officials at Washington.

Insurgents Win and Government Loses Three Hundred Men at Once.

(BY DIRECT WIRE TO THE TIMES.)

NEW ORLEANS (La.) July 19.—[Exclusive Dispatch.] Frequent orders to shoot all revolutionaries and prisoners as fast as captured have been issued by President Madriz, Nicaragua, according to dispatch sent by Gen. Luis Mena from Acayote to Bluefields, and transmitted yesterday by mail to Richard Sumner, consul-general of the Estrada force here.

At the same time the news was sent to the State Department in order that the policies of Madriz. The telegram containing the orders was intercepted by Gen. Mena. The telegram was dated "Hills of Acayote, 11 o'clock a.m., July 11."

In addition, Gen. Mena reports that on the day that the telegram was received by Gen. Gonzales, Mena Menta, an officer in the Madriz army, shot two revolutionaries, Chacra Murcio. On that day Gen. Mena, an Estrada officer, released fifteen prisoners whom he had taken from the Madriz army.

The news of the telegram from Gen. Mena was the most important part of a letter received yesterday by a Russian by the Steamship Dictator from Remon Enriquez, an official of the provisional government, dated Bluefields, July 13, and says in part:

"We have regained Rio Grande a Prince Pulka without a shot. Madriz lost there one hundred men with the rifles and ammunition. The inhabitants of the two places caused the soldiers to disregard their orders. The soldiers fled, and then messages were sent to Bluefields requesting Gen. Estrada to send representatives to the provisional government to take charge."

"I enclose I send you the copy of telegram, which Gen. Mena sent in before yesterday, the 11th inst. Please publish it, so that the world may know how far Madriz is going."

AMERICAN PHYSICIAN SAFE IN NICARAGUA.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, July 19.—Report that Dr. Lawrence Burghelm, an American physician in Nicaragua, was being forcibly detained with the Madriz troops, were denied in a report received at the State Department today. Dr. Burghelm was physician to Gen. Irujo, the Madriz commander in Eastern Nicaragua, but served of his own will. He recently quit the Madriz service uninvited, the report says, and is now in charge of one of Estrada's hospitals in Bluefields.

The gunboat, Yorktown, today started from Portland, Or., for Corvallis San Francisco, to relieve the gunboat Vicksburg. The Vicksburg will proceed north after the arrival of the Yorktown. The Yorktown may later be succeeded by the Princeton.

It is denied both at the Navy Department and at the State Department that the orders to the Yorktown are of any special significance, nor are there being means merely of a continued insubordination to American interests in Nicaragua.

AMERICAN CITIZENS FACING STARVATION.

(ASSOCIATED PRESS NIGHT REPORT.) NEW ORLEANS, July 19.—[Exclusive Dispatch.] Unless the Mobile Consuls at this port and Mobile rescind their order forbidding vessels flying the flag of Norway to clear for Nicaragua, American citizens in Bluefields will speedily come face to face with starvation. Eight vessels of Norwegian register are tied up at the wharves here and there are more of Mobile. They are loaded with supplies for the American colony at Bluefields and other Nicaraguan cities.

Under the recent ruling of the Norwegian government, which accepts a resolute paper blockade established by Madriz, Consuls have warned Norwegian vessels not to take clearance papers for Bluefields. The State Department is believed to be acting in the matter through the Ministry to Norway.

MARINES TO PROTECT THE AMERICAN CONSUL.

(ASSOCIATED PRESS NIGHT REPORT.) BLUEFIELDS (Nicaragua) July 19.—According to advices received at the insurgent headquarters here, conditions at Cape Gracias are unsatisfactory to foreign interests. The representative of the Nicaraguan government in charge there is said to be permitting open demonstrations of an anti-foreign character.

The United States cruiser Tacoma will sail immediately for the cape and will leave forty soldiers there.

# SLOPE. Happenings Along the Coast.

## NEVADA BANKERS INDICTED.

Charges hinge on Suspension of Nye and Ormsby County Bank a Year Ago.

(BY DIRECT WIRE TO THE TIMES.)  
RENO, July 19.—[Exclusive Dispatch.] Frank Golden and J. J. McQuillan, president and vice-president, respectively, of the defunct Nye County Bank, which voluntarily suspended operations a year ago, have been indicted by the Nye county grand jury at Tonopah. McQuillan was indicted for embezzlement of the bank to receive deposits when it was insolvent. Golden was charged with the same offense when it was insolvent. Golden was charged with the same offense when it was insolvent. Golden was charged with the same offense when it was insolvent.

Golden was formerly one of the wealthy business men of this city, but his fortune, it is understood, has been dissipated here, which was the reason for his leaving the city and the light of the central meeting place of crowds during that time. Golden is one of the pioneer jewelers of the state, and during boom days opened up a chain of banks which could not stand the pressure when the depression came two years ago.

## POSTAL CLERK CONFESSES.

Trap is Laid and George H. Berry is Bound Over to Federal Grand Jury.

(BY DIRECT WIRE TO THE TIMES.)  
RENO, July 19.—[Exclusive Dispatch.] George H. Berry, a United States postal clerk, was bound over this afternoon to await action of the federal grand jury for robbing the mails. For three months the clerk has been accused of robbing the mails. Berry was bound over to the federal grand jury for robbing the mails. Berry was bound over to the federal grand jury for robbing the mails.

## WHITEWATER DESTROYED.

Kaslo is the center of the most serious loss. The town of Whitewater has been swept clean as a floor. Not a vestige of a habitation remains.

Refugees are fleeing to Kaslo, where many were overcome have been cared for. All the women and children from Sandon were brought down to New Denver. Monday afternoon a precautionary report was made. The Rambler-Cariboo buildings are a total loss. Fire wardens report that the Canadian Pacific Railroad timber limits at Sandon, on the east side of Kootenai Lake, are burning. Help is asked for everywhere, and all able-bodied men are pressed into the fire-fighting service.

## VAN LIEW INVESTIGATION.

Attorney-General Will Represent Governor in Examination of Charges.

(BY DIRECT WIRE TO THE TIMES.)  
SACRAMENTO, July 19.—[Exclusive Dispatch.] Gov. Gillett said today at his office, that he had sent a request to Atty-Gen. Webb to appear personally at Chico next Friday, to conduct the examination of Dr. C. C. Van Liew, president of the Chico State Normal School, charged with improper conduct toward Miss Ada Clark, a student.

## NEW KLONDIKE GEM.

STREAM TON POLISHED.

(BY DIRECT WIRE TO THE TIMES.)  
TACOMA, July 19.—[Exclusive Dispatch.] Klondike and Dawson have again jumped into the limelight by announcing a European demand for the unique, hard, heavy stones weighing half as much as gold, found in the gravels of the Klondike placers, chiefly on bedrock. Assayers call the stones "stream tin." J. P. Rensoni, the pioneer jeweler of Dawson, shipped a large collection of the so-called tin stones to a former London lapidary who cut, polished and returned them for sale as Klondike diamonds. In some they are brown, black and intermediate shades. Their bright luster does not fade and their hardness approaches more that of the diamond.

## FONSECA TO VISIT BERLIN.

Germany Expects to Meet Brazilian Army as Result of Trip of New President.

(BY DIRECT WIRE TO THE TIMES.)  
BERLIN, July 19.—[Exclusive Dispatch.] Much interest is shown here in the visit of the newly-elected President of Brazil, Marshal Hermes da Fonseca, who will arrive in Berlin tomorrow. Senhor Fonseca, who already has a wide acquaintance in German military circles, will meet a number of officers while here. It is expected that one result of his visit will be the perfecting of plans looking to the importation of a number of German officers and the organization of the Brazilian General Staff under their direction. Those of the Kaiser's officers who have been permitted to serve in other parts of Argentina, have accomplished results highly satisfactory, both to the republicans thus aided, and to the German. A still further extension of German military methods and influence in those countries is expected as the natural result in their success.

## STRENUOUS RAID.

San Francisco Police Have a Hard Fight with Chinese.

(ASSOCIATED PRESS NIGHT REPORT.)  
SAN FRANCISCO, July 19.—In a battle between Chinese and police during a raid on an alleged gambling house in Chinatown tonight, Wong Dick was fatally shot, police were knocked down, kicked and beaten, and many orientals clubbed. More than two hundred Chinese were arrested, charged with gambling. About fifty alleged gamblers escaped from the club.

## CHINA TO VISIT BERLIN.

Germany Expects to Meet Brazilian Army as Result of Trip of New President.

(BY DIRECT WIRE TO THE TIMES.)  
BERLIN, July 19.—[Exclusive Dispatch.] Much interest is shown here in the visit of the newly-elected President of Brazil, Marshal Hermes da Fonseca, who will arrive in Berlin tomorrow. ## FLAMES JUMP HALF A MILE.

Towns Wiped Out in the Northwest.

Forest Fires Menace Many Lives in Washington.

Millions of Feet of Timber Are Destroyed.

(ASSOCIATED PRESS NIGHT REPORT.)  
SPOKANE, July 19.—The town of Ryan, on the Columbia River, twelve miles south of the Canadian boundary, is reported to have been wiped out by a forest fire. At 6 o'clock last evening the fire zone covered approximately the whole territory from Boscawen to Marcus, along the west side of the Columbia River, and from Boscawen north to Ryan, on the east side of the river, a tract fifteen miles long and seven miles wide. Millions of feet of timber are also reported destroyed.

A dispatch to the Chronicle from Nelson, B. C., says the smoldering bush and forest fires which Saturday were believed to be under control, have revived and are causing death and enormous damage to property.

WHITEWATER DESTROYED.  
Kaslo is the center of the most serious loss. The town of Whitewater has been swept clean as a floor. Not a vestige of a habitation remains.

Refugees are fleeing to Kaslo, where many were overcome have been cared for. All the women and children from Sandon were brought down to New Denver. Monday afternoon a precautionary report was made. The Rambler-Cariboo buildings are a total loss. Fire wardens report that the Canadian Pacific Railroad timber limits at Sandon, on the east side of Kootenai Lake, are burning. Help is asked for everywhere, and all able-bodied men are pressed into the fire-fighting service.

RESCUE TRAINS FROM KASLO WERE unable to pass Bear Lake, and each returned crowded with refugees, all panic-stricken. Many women and children, overcome with terror and smoke, were cared for by the hospital authorities and by citizens of Kaslo.

## BUSH FIRES.

Extensive bush fires in the vicinity of Moyle already have caused destruction aggregating \$100,000. Gasoline, generated by the fury of the fire make the seething flames jump half a mile.

Another disastrous fire is reported to be raging at Clarkston's, and spreading rapidly in the direction of Nelson. The largest possible gathering of fire fighters is in the field. Over 2,000,000 feet of timber has been destroyed in the Nelson district.

## IDaho FIRES UNSUBDUED.

(ASSOCIATED PRESS NIGHT REPORT.)  
WASHINGTON, July 19.—The forest fires which have been raging for several days over the Couer d'Alene Indian reservation and national forest in Idaho are not under control, despite the combined fire fighting forces of the Bureau of Indian Affairs and the Forest Service. A telegram to the Forest Service today reported that there are nine distinct fires.

## FOR CURRENCY ASSOCIATION.

National Bankers Will Meet in New York to Act on Plan of Secretary MacVeagh.

(ASSOCIATED PRESS DAY REPORT.)  
NEW YORK, July 19.—Within a fortnight a meeting of national bankers will be called at the New York Clearinghouse to hear the details of a plan for the formation of a National Currency Association in New York, along the lines provided in the Aldrich-Vreeland law, as suggested recently by Secretary of the Treasury MacVeagh. It is regarded as probable that this action by the New York banks will be followed by the establishment of similar associations by the national banks of other cities and States.

According to members of the Bankers' Committee, Secretary MacVeagh's suggestion meets with general approval and endorsement. It is not believed, however, that there is any great likelihood that such a system will be called into use within the present fortnight of any one. But the opinion appears to be general that the good of such a system for the steady effect that its existence would have, could not be overestimated.

The law provides for the issue of additional bank notes in time of emergency, by an organization of ten or more national banks having a capital of \$5,000,000.

## FREEMAN SUCCEEDS HEIKE.

NEW YORK, July 19.—At a meeting of the directors of the American Sugar Refining Company today, Joseph E. Freeman, assistant general counsel of the company, was elected secretary, to succeed Charles R. Heike, who figured in the recent sugar weighing scandal. During the investigation, Heike testified that his salary was \$20,000 a year. He resigned after his recent conviction and is now awaiting sentence.

## DETECTIVE FEELS CONFIDENT HE HAS REAL TRAIN ROBBERS.

(ASSOCIATED PRESS NIGHT REPORT.)  
SAN FRANCISCO, July 19.—"You can say for me that we have the right men in custody," said Chief Special Agent P. J. Kindelon, of the Southern Pacific Company's Detective Bureau today, on his return from Fairfield, Solano county, where he had assisted in jailing the suspected robbers of the Fast Mail train, held up near Woodyard last April. "The taller one, who gave the name of James C. Brown, has been identified from letters in his possession as Carl E. Bishop, son of James A. Bishop, engaged in the shipping business at No. 43 South Water street, New Haven, Ct. While both men are reticent, refusing to account for their movements since the train robbery, Bishop is particularly surly."

"When we arrived at Fairfield this morning we found that during the trip from Sacramento he had removed the blacking from his shoes and with it dried his hair. He was shampooed, restoring the hair to its natural soft brown color, the same as that of the taller of the two bandits."

"Charles Dunbar, the other suspect, also is from New Haven, but of him little is known. As they are believed to have robbed the Riverside Gun store, where their weapons were obtained, on March 8, witnesses will be brought from there to identify them."

"Engineer Marsh and Fireman Blakely of the train that was held up will go to Fairfield and we will have witnesses from Martinez and points near the scene of the crime to aid in fixing the identity of the men as the long sought robbers."

NEW HAVEN RECORDS.  
(ASSOCIATED PRESS NIGHT REPORT.)  
NEW HAVEN (Conn.) July 19.—Carl Dunbar Bishop, who was arrested in Sacramento last night, charged with horse-stealing and later identified as

having been one of the men who robbed the Oriental Mail at Goodyear last April, lived here until last September with his parents. He then went West, his father, James A. Bishop, is a blacksmith.

In 1900, Bishop was arrested for theft but the case was nolle. In 1904, he was tried for assault with intent to kill and was sentenced to two years in State's prison. He served his term. The police have no record of a Charles Dunbar, who was arrested with Bishop. He is not known at the homes of any of the Dunbars in the city.

## SLOPE BRIEFS.

Cruiser Ends Long Cruise.  
SAN FRANCISCO, July 19.—The cruiser South Dakota arrived here today from Buenos Ayres, where she was one of the American warships which took part in the Argentine Centennial. During the last three years the South Dakota has traveled more than 75,000 miles.

IRISH MAG SHUTS DOWN.  
EL PASO (Tex.) July 19.—The Irish Mag, considered the best producer of the columnist and Arizona Copper Company, at Bisbee, Ariz., was closed down indefinitely today. About 500 men are affected. No reason for the action is given, but it is attributed to the policy of curtailment of production.

The Montana Democratic State Committee has selected Livingston as the place of the next Democratic State convention, and September 8, as the date for holding it. By a vote of 12 to 11, the State Committee turned down all propositions looking to the endorsement by the State convention of any Democratic candidate for United States Senator.

THE DANGERS OF RELIGION.  
Clark University President Makes Startling Statements in Address in Denver.

(ASSOCIATED PRESS DAY REPORT.)  
DENVER, July 19.—"Religion is a big thing to the human race, but it may be dangerous; there is nothing quite so dangerous as a big idea in a little mind." Dr. G. Stanley Hall, president of Clark University, declared in an address here last night. Dr. Hall advocated the encouragement of free fights between children as a means of developing their courage and spirit. He also approved of the Roman Catholic confessional as a most effective cure of sin and a mental nerve tonic.

If a man with a small soul is fully possessed of religion something dreadful is liable to happen, Dr. Hall said. The speaker said that keeping children ignorant of many of the essential points of the sex problem was little short of criminal.

He also sharply criticized muckrakers and expressed the belief that more reform could be accomplished without the blare of trumpets.

MOB AGAIN STOPS TRAFFIC.  
American Railway in Bogota Attempts to Resume Operations—No Lives Seem in Danger.

(ASSOCIATED PRESS NIGHT REPORT.)  
BOGOTA (Colombia) July 19.—The American company resumed the operation of its street car service today, which was financed by capital from the United States, was unpopular from the first. The concession was received during the Presidency of Gen. Reyes. On March 7 a mob attacked the cars of the company and forced the suspension of traffic. The American Legation was stoned.

An attempt to renew the service on March 14 resulted in another outbreak and a strike of the employees, who feared for their lives. President Gonzalez Valencia made an official expression of regret to the American Minister, Mr. Northcott. The attempt to open the line today was based on the hope that ill-feeling had subsided.

TRAIN WRECK IN IRELAND.  
Many Persons on Excursion Train Injured When Coupling Breaks—No Fatalities Reported.

(ASSOCIATED PRESS NIGHT REPORT.)  
DUBLIN (Ireland) July 19.—Fourteen persons were injured in an accident on the Great Southern Railway at Boscra in the northwestern part of Tipperary county today. None were killed.

Several cars of an excursion train broke away from the locomotive and, running down an incline, crashed into a passenger train. Many persons jumped from the runaway cars and tumbled down the embankment. About 100 persons were injured, most of them slightly. A score of the injured were brought here for medical treatment.

It is thought that the casualties would have been fewer had the excursionists clung to their seats instead of taking chances of leaping before the collision occurred.

CHOLERA PLAQUE IN RUSSIA.  
Disease Most Pronounced in St. Petersburg, But Will Soon Be Widely Distributed.

(BY DIRECT WIRE TO THE TIMES.)  
COPENHAGEN, July 19.—[Exclusive Dispatch.] Cholera, according to advice received here, is spreading rapidly in Russia, as usual at this time of year. St. Petersburg is especially affected, but it is thought that the disease will be widely distributed throughout the country. Although it was long ago proved that the source of the infection is in the waters of the Neva, nothing has yet been done to purify the river.

The discovery of a cholera ship in the harbor at Christiania has induced all Scandinavian ports to quarantine against Russia.

20c Colored Batiste, Yd. 12 1/2c  
We are cleaning out all our colored lawns and batiste made in stripes and figures that formerly sold for 20c a yard. Today, 12 1/2c. Very fine material. These can be used for a number of purposes.

Waist Linen 50c  
Round thread waist linen for one-piece dresses and coat suits. 34 inches wide; 60c value. Today 50c a yard.

Hdkf. Linen \$1.00  
Best quality medium weight handkerchief linen; for lingerie and embroidered waists. Worth \$1.25. On special sale today, the yard, \$1.

## SEVERAL GET MOVING ORDERS

Marine Corps Officers Are Scattered.

Court of Inquiry Made Some Recommendations.

Too Long in Washington Not Good for Service.

(Associated Press Night Report.)

WASHINGTON, July 19.—As a consequence of the report of the Court of Inquiry, that unsatisfactory conditions existed in the Marine Corps, largely as the result of many officers having been in Washington too long, members of the headquarters staff, with only a few exceptions, were today ordered to take posts in different parts of the world.

Col. Charles T. Lauchheimer, headquarters adjutant and inspector, who requested the appointment of the Court of Inquiry, was ordered to the Philippines, and Lieut. Col. Henry C. Haines, his assistant, was directed to assume charge of the adjutant's office.

Col. Frank L. Denmy, headquarters quartermaster, one of the candidates for the position of commandant of the corps, upon the retirement of Gen. George F. Elliott, in October, was ordered to San Francisco, where he will be succeeded here by Lieut. Col. Charles L. McCawley, his second assistant, while his first assistant, Lieut. Col. Thomas C. Prince, was ordered to the Philippines.

Another officer, who was censured as a result of the inquiry, Col. Charles A. Doyen, was detached from duty at Annapolis and ordered to the Bremerton Navy Yard in Washington.

Just what, if anything, has happened to Gen. Elliott, commandant of the corps, is a matter of uncertainty. The changes ordered today were the result of a letter from acting Secretary Winthrop to Gen. Elliott.

Mr. Winthrop directed Gen. Elliott to make the change. The concluding paragraph of his letter reads:

"You will inform Col. William P. Biddle that, being the senior line officer on duty in Washington, he has been temporarily designated to act for the commandant in his absence until further notice."

The selection of Col. Biddle to act for the commandant is interpreted by some officers as meaning his selection as the permanent successor to Gen. Elliott.

**KNAPP MEETS COMMITTEE.**

**EASTERN RATE CONFERENCE.**

(Associated Press Night Report.)

WASHINGTON, July 19.—An adjustment of the eastern freight rate situation probably will be made soon. The settlement, it is said, will be satisfactory alike to the Interstate Commerce Commission, the railways and shippers. The plan involves a voluntary suspension for several months by the railroads of the advanced rates.

Chairman Knapp of the Interstate Commerce Commission called a conference today with a committee representing the eastern trunk lines and the roads of the Central Traffic Association concerning the rate situation.

Last week it was announced that the policy of the commission was to suspend such important tariffs as made increases pending an inquiry by the commission.

To facilitate the work of the commission in this regard, the committee of the railroads discussed the subject with Chairman Knapp. The committee was headed by C. C. McLean, chairman of what is known as the Trunk Line Committee of New York City.

**DENIAL OF RUSSIAN AGENT.**

He Investigates and Declares Reports of Harsh Treatment of Peasants in Hawaii Untrue.

(Associated Press Night Report.)

WASHINGTON, July 19.—An agent of the Russian government, who was investigated by the State Department, declares the reports of harsh treatment of the Hawaiian peasants on the plantations of Hawaii, does not sustain the allegations of poor pay and persecution made to this government.

M. Kerber, Counselor of State, in a lengthy report to the State Department, declares the charges of insufficient wages, difficult conditions and cruel treatment are unreasonable.

He reported that professional agitators were responsible for the disturbances and that they were prevented the Russians from returning to work. The agent reports the peasants had no desire to return to Russia, but expected the American government to pay the money anticipated from the sugar plantations, after which they planned to move to California or Canada.

**GOAT WOOL CLASSIFIED.**

PROBLEM IS SOLVED.

(Associated Press Night Report.)

WASHINGTON, July 19.—The standardization of the goat from a tariff point of view has been effected by the Treasury Department. On the Cape of Good Hope the original so-called "cheap sheep goat" became crossed with merino sheep and the government's tariff experts encountered a new problem, that of "what a wool" when it appeared on the backs of the blended goats. Such wool is unsuitable as "real wool," but is used for plaster hair and for collars for horses and mattresses for mankind.

Now the Treasury Department has prepared a new sample formally stamped "Sample 299-B" for use in appraising and classifying wools under the new tariff law.

This sample is officially classified as "Cape of Good Hope native skin wool of a kempy (tangled) character short from an so-called cheap goat sheep in a run-down condition." All of which means that the government will hereafter tax all such product as the lowest class wool entering American ports.

**DROUGHT KILLS RANGES.**

MOUNTAIN SHEEP STARVING.

(Associated Press Night Report.)

WASHINGTON, July 19.—The condition of stock on ranges in Montana outside the National Forests is in a critical condition because of drought, according to a telegram received by Associate Forester Potter from Chief of Grazing Adams at Missoula. The dispatch from Mr. Adams justifies the appeal made a few days ago to the Forest Service by many growers of Montana for the use of the Bear River and Absaroka national forests for grazing.

To meet the emergency the number of sheep already admitted to these reserves will be increased to the limit the woodlands can accommodate.

## ONE THOUSAND COLUMNS AHEAD.

Next Chief Justice of Supreme Court Will Probably Be Named for Hague Tribunal.

Court of Inquiry Made Some Recommendations.

Too Long in Washington Not Good for Service.

(Associated Press Night Report.)

WASHINGTON, July 19.—The next Chief Justice of the United States Supreme Court, probably will be one of the four American members of the Permanent Court of Arbitration at The Hague. Chief Justice Fuller's death, left a vacancy in that court, the surviving members being John W. Griggs of New Jersey, former United States Attorney-General; George Gray of Delaware, Judge of the United States Circuit Court and former United States Senator; and Oscar S. Straus of New York, ambassador to Turkey and former Secretary of Commerce and Labor.

The purpose of the court is to facilitate arbitration of international disputes which, it has been impossible to settle by diplomacy. When established eleven years ago, there were twenty-four signatory powers and through the accession of non-signatory powers, the number countries represented has been largely increased. Each signatory power is entitled to a maximum of four members on the permanent court.

The understanding among officials here is that the President will defer filling this vacancy until he designates to the Chief Justice of the Supreme Court and that he will then name the same official to The Hague vacancy.

**RISE OF ARMY DOCTOR.**

GEN. WOOD CHIEF OF STAFF.

(Associated Press Night Report.)

WASHINGTON, July 19.—With the assumption today by Maj. Gen. Leonard Wood of the duties of chief of staff of the army, two doctors now occupy the two most responsible positions in the army of the United States. The other doctor who has risen to such powers in the army is Maj. Gen. Fred C. Alexander, adjutant-general, who entered the army as assistant surgeon in 1888.

**NEGRO APPOINTED.**

GETS GOOD FEDERAL JOB.

(Associated Press Night Report.)

WASHINGTON, July 19.—Whitefield McKinlay, a negro real estate agent of this city, has been appointed collector of Customs here, the technical director of the office being the port of Georgetown, D. C. It is stated that the appointment signifies the recognition of negroes in important Federal positions. McKinlay came to Washington from Charlottesville, S. C. in 1874, and has taken an active part in politics. He was recommended to the President by negroes throughout the country.

**HINDUS ARE DEPORTED.**

ILLITERATES SENT HOME.

(Associated Press Night Report.)

WASHINGTON, July 19.—Sixteen Hindus, who applied for admission to this country at Seattle, were today ordered deported by Acting Secretary Cable of the Department of Commerce and Labor. The steamship which brought them will be compelled to bear the expense of their return. Investigation showed that the Hindus were illiterate, could not speak the English language, had little money, averaging between \$2 and \$25, and were of poor physical condition. A number of them said they believed in polygamy.

These people do not assimilate with the Americans and other immigrants because of their racial caste prejudices and they work for lower wages.

**UP AND DOWN THE VALLEY.**

PITH OF THE DAY'S NEWS FROM THE MIDDLE WEST.

(Exclusive Dispatch.)

CHICAGO, July 19.—Cool breezes again kept the mercury well down in the tube today, but a change in the wind and hot weather is predicted for tomorrow. Today's maximum temperature was 74, and the minimum 44 deg. Middle West temperatures:

**DIVISION OF ESTATE.**

GRANITE CITY (Ill.) July 19.—By the death of Mrs. Mary Niedringhaus at her summer home at Jamestown, R. I., yesterday, the \$7,000,000 estate of her husband, the late William F. Niedringhaus will revert to her four sons and six daughters to be divided among them. William F. Niedringhaus died July 15, 1908. He was the founder of Granite City as an industrial community and his estate consisted chiefly of stock in a manufacturing concern and real estate here and in St. Louis. His will directed that a trust company be formed to manage the estate.

**POSTAL BANK FOR CHICAGO.**

(Associated Press Night Report.)

CHICAGO, July 19.—The Chicago Postal Savings Bank is to be open here ready for business on January 1, 1911. This was the word received from Washington yesterday by Postmaster Campbell. The bank, also said that Chicago would be one of the first cities to receive a government banking institution. The savings bank

## ONE THOUSAND COLUMNS AHEAD.

Such wool is unsuitable as "real wool," but is used for plaster hair and for collars for horses and mattresses for mankind.

## HOT FIGHT IN ILLINOIS.

State Administration Will War on Irregulars.

Court of Inquiry Made Some Recommendations.

Too Long in Washington Not Good for Service.

(Associated Press Night Report.)

SPRINGFIELD (Ill.) July 19.—[Exclusive Dispatch.] A war has been declared against political bi-partisanship which promises to shake the State from one end to the other, will be fought between now and September 15, when the issue will be settled in the State-wide primary election.

Republican members of the Shurtliff-Lorimer-Brown organization openly admit that they are prepared to fight for control of the General Assembly again next winter. Gov. Denen has promptly accepted the challenge. The fight of the State administration forces will be waged individually and collectively against every one of the thirty-two anti-caucus Republicans who attempt to secure a renomination.

Gov. Denen has decided to take the stump, and it is his ambition to make at least one speech in the district of every anti-caucus Republican candidate. His speeches will be followed up with the most vigorous campaigning his supporters are able to put up.

"Ask, Edward and give none," will be the slogan of the administration forces throughout the campaign. Now is the time to settle forever, they insist, whether the political destinies of the State are to be controlled by the dominant political party or by an irresponsible bi-partisan alliance, without policies or principles, and purely destructive and reactionary.

Candidates for seats in the House who are to be subjected to the fire of administration opposition because of their records in the Fifty-Sixth General Assembly are: Quirley Bush of DeWitt county, E. M. Chaperfield of Fulton county, James W. Crawford of Franklin, Thomas Curran of Cook, David E. Erickson of Cook, Edward E. Erby of Cook, W. W. Gillespie of Carroll, H. T. Ireland of Woodford, James M. McMillan of Cook, Frank J. Nichols of Cook, Charles A. Nelson of Cook, Frank L. Parker of Will, Charles Schumacher of Cook, David E. Shaw of Cook, Edward C. Shurtliff of Cook, McHenry, Edward J. Sneek of Cook, A. K. Stearns of Lake, Louis Zinger of Tazewell, Christopher Beck of Cook, F. E. Erickson of Cook, Cook, Lewis Fieldstock of Cook, Lewis Hutzler of Cook, William H. Troyer of Cook.

The last seven on the list constituted the organization of the Northwest Side Republicans of Chicago, who stood for Troyer for Speaker, refusing to participate in the Republican caucus.

In the list are members of the Shurtliff-Lorimer crowd who supported the Democratic ticket of Edward E. Erby of Cook, W. W. Gillespie of Carroll, H. T. Ireland of Woodford, James M. McMillan of Cook, Frank J. Nichols of Cook, Charles A. Nelson of Cook, Frank L. Parker of Will, Charles Schumacher of Cook, David E. Shaw of Cook, Edward C. Shurtliff of Cook, McHenry, Edward J. Sneek of Cook, A. K. Stearns of Lake, Louis Zinger of Tazewell, Christopher Beck of Cook, F. E. Erickson of Cook, Cook, Lewis Fieldstock of Cook, Lewis Hutzler of Cook, William H. Troyer of Cook.

The same war will be made on Lederer's candidacy for the upper branch as is waged against the House members. Albert Glaser of Cook, Edward Hope of Cook, Alexander Lane of Cook and William F. Zipp of Cook did not receive the endorsement of the Republican caucus, and none of them is expected to make the race for renomination. Charles Richter, the remaining member of the "Northwest Side Republicans" has moved out of his old district and is not a candidate.

Some of the Shurtliff-Lorimer Republicans slanted by the Cook county action of the "Big Five," including the Denen-Busse-Campbell-Pearl-Weber supporters, have been lulling themselves into false security in the belief that their selection for places on the "Big Five" state brought them immunity from attack from the administration forces. Their names were allowed to stand on the state platform of the State administration had no use in these particular districts.

The combination of the "Big Five" binding one so far as Cook county politics is concerned, and the Shurtliff-Lorimer Republicans on the state are pegged for the same sort of grilling that is to be applied to all anti-caucus candidates.

**WOMEN TRAIN FOR TRAMPS.**

(Associated Press Night Report.)

KANSAS CITY, July 19.—Tramps who visit the suburb of Argentine on the Kansas side of the State line, may be confronted with a new and unexpected development. The women of Argentine, alarmed by the many tramps who have recently infested that place, it is said, are learning to handle firearms effectively and plans are now being made for the organization of a Woman's Gun Club in that place. Several telephone messages were received yesterday at the Argentine Police Station from women asking about the city ordinance pertaining to the discharging of firearms within the city limits. "A gun club will be a splendid thing for the women of this town," said Mrs. G. W. Wolley of Argentine, last night. "There are many women whose husbands work at night or are away on railroad runs. If the tramps knew that we can shoot, then perhaps they will stop prowling around our homes."

**MUST PAY FOR STOLEN LOVE.**

(Associated Press Night Report.)

JEFFERSON CITY (Mo.) July 19.—The Supreme Court today, sustained the judgment of the Barton county court which gave A. R. Fuller of Joplin, \$10,000 damages against Budd M. Robinson, a wealthy mine owner of Joplin, for alienating the affections of Mrs. Fuller. Fuller was the private secretary of Robinson.

**AUTO HIT BY TRAIN.**

(Associated Press Night Report.)

CHICAGO, July 19.—N. J. McEvilly of Dyersville, Iowa, and his 12-year-old daughter were killed, and Mrs. McEvilly probably fatally injured when their automobile was struck by a Chicago and Northwest passenger train near Lehigh, Ill., today.

**BIG RAFT OF PULP WOOD.**

(Associated Press Night Report.)

ASHLAND (Wis.) July 19.—The first raft of pulp wood to be towed from a Canadian port across Lake Superior, comprising about 3000 cords of spruce, reached Ashland today. The pulp wood was cut on Isle Royale, fifty miles or more east of Isle St. Ignace. American capital is behind the movement. There is no duty on pulp wood and much more

## Resorts.

State Administration Will War on Irregulars.

Court of Inquiry Made Some Recommendations.

Too Long in Washington Not Good for Service.

(Associated Press Night Report.)

Shurtliff of Cook, McHenry, Edward J. Sneek of Cook, A. K. Stearns of Lake, Louis Zinger of Tazewell, Christopher Beck of Cook, F. E. Erickson of Cook, Cook, Lewis Fieldstock of Cook, Lewis Hutzler of Cook, William H. Troyer of Cook.

The last seven on the list constituted the organization of the Northwest Side Republicans of Chicago, who stood for Troyer for Speaker, refusing to participate in the Republican caucus.

In the list are members of the Shurtliff-Lorimer crowd who supported the Democratic ticket of Edward E. Erby of Cook, W. W. Gillespie of Carroll, H. T. Ireland of Woodford, James M. McMillan of Cook, Frank J. Nichols of Cook, Charles A. Nelson of Cook, Frank L. Parker of Will, Charles Schumacher of Cook, David E. Shaw of Cook, Edward C. Shurtliff of Cook, McHenry, Edward J. Sneek of Cook, A. K. Stearns of Lake, Louis Zinger of Tazewell, Christopher Beck of Cook, F. E. Erickson of Cook, Cook, Lewis Fieldstock of Cook, Lewis Hutzler of Cook, William H. Troyer of Cook.

The same war will be made on Lederer's candidacy for the upper branch as is waged against the House members. Albert Glaser of Cook, Edward Hope of Cook, Alexander Lane of Cook and William F. Zipp of Cook did not receive the endorsement of the Republican caucus, and none of them is expected to make the race for renomination. Charles Richter, the remaining member of the "Northwest Side Republicans" has moved out of his old district and is not a candidate.

Some of the Shurtliff-Lorimer Republicans slanted by the Cook county action of the "Big Five," including the Denen-Busse-Campbell-Pearl-Weber supporters, have been lulling themselves into false security in the belief that their selection for places on the "Big Five" state brought them immunity from attack from the administration forces. Their names were allowed to stand on the state platform of the State administration had no use in these particular districts.

The combination of the "Big Five" binding one so far as Cook county politics is concerned, and the Shurtliff-Lorimer Republicans on the state are pegged for the same sort of grilling that is to be applied to all anti-caucus candidates.

**WOMEN TRAIN FOR TRAMPS.**

(Associated Press Night Report.)

KANSAS CITY, July 19.—Tramps who visit the suburb of Argentine on the Kansas side of the State line, may be confronted with a new and unexpected development. The women of Argentine, alarmed by the many tramps who have recently infested that place, it is said, are learning to handle firearms effectively and plans are now being made for the organization of a Woman's Gun Club in that place. Several telephone messages were received yesterday at the Argentine Police Station from women asking about the city ordinance pertaining to the discharging of firearms within the city limits. "A gun club will be a splendid thing for the women of this town," said Mrs. G. W. Wolley of Argentine, last night. "There are many women whose husbands work at night or are away on railroad runs. If the tramps knew that we can shoot, then perhaps they will stop prowling around our homes."

**MUST PAY FOR STOLEN LOVE.**

(Associated Press Night Report.)

JEFFERSON CITY (Mo.) July 19.—The Supreme Court today, sustained the judgment of the Barton county court which gave A. R. Fuller of Joplin, \$10,000 damages against Budd M. Robinson, a wealthy mine owner of Joplin, for alienating the affections of Mrs. Fuller. Fuller was the private secretary of Robinson.

**AUTO HIT BY TRAIN.**

(Associated Press Night Report.)

CHICAGO, July 19.—N. J. McEvilly of Dyersville, Iowa, and his 12-year-old daughter were killed, and Mrs. McEvilly probably fatally injured when their automobile was struck by a Chicago and Northwest passenger train near Lehigh, Ill., today.

**BIG RAFT OF PULP WOOD.**

(Associated Press Night Report.)

ASHLAND (Wis.) July 19.—The first raft of pulp wood to be towed from a Canadian port across Lake Superior, comprising about 3000 cords of spruce, reached Ashland today. The pulp wood was cut on Isle Royale, fifty miles or more east of Isle St. Ignace. American capital is behind the movement. There is no duty on

Covell today signed the death war-

rant for the execution of John Junkin,

the negro murderer of Clara Rosen,

an Ottumwa girl, Friday, July 21.

It is said as the time for execution.

DEPLORABLE.

BANK DEPOSITS

ARE DECREASED.

CONSOLIDATED STATEMENT BY

OKLAHOMA BANKERS.

Deposit Guarantee Law is Evidently

Losing Prestige—Confidence of the

People Seems to Have Been Shaken

by Failure of Columbia Bank and

Trust Company of Oklahoma City.

(BY DIRECT WIRE TO THE TIMES.)

GUTHRIE (Okla.) July 19.—[Exclu-

sive Dispatch.] A loss in prestige of the

State bank deposit guarantee law that

cannot escape notice, is indicated by

the consolidated statement of the Con-

gress of State Bankers issued today

by E. B. Cockerell, State Bank Com-

missioner. Despite the fact that dur-

ing the period between January 31 and

June 30, 1910, the number of State

banks increased from 63 to 69 and the

total deposits increased from \$13,928,744.84

to \$14,166,551.11, a decrease of \$24,677,000.

This is the first time since the bank

guarantee law became effective that a

decline of deposits has been shown.

From March, 1909, when the law was

extended to cover State banks, the de-

posits of the guaranteed banksstead-

ily increased from eighteen to fifty

millions. In the last six months, how-

ever, the deposits dropped rapidly. It

was recalled that the Columbia

Bank and Trust Company of Okla-

homa City failed late in 1909. The

question as to what effect this failure

would have on the confidence of the

people in the guarantee law was much

agitated and it is to an extent an-

swered by the decrease of a half mil-

lion in deposits from January 31 to

June 30.

The July statements issued further

show that the deposits of State banks

have decreased from \$48,056,195 to \$45,

\$14,944, despite the fact that twenty-

five new banks added their resources

to the total in the period in which the

decrease occurred.

LOVERS ARE ELECTROCUTED.

Their Bodies Are Found Upon Floor of

Power Plant in Trinidad,

Colorado.

(Associated Press Day Report.)

TRINIDAD (Colo.) July 19.—The

dead bodies of Roy Keller, superin-

tendent of the Delagua power plant,

and Miss Elizabeth Bennett, 16 years

old, whom Keller is said to have been

engaged to marry, were found upon

the floor of the power plant late yes-

terday.

It is supposed that Miss Bennett ac-

companied Keller to the plant while a

live wire is thought to have elec-

trified him and the girl met a simi-

lar fate in attempting to render him

assistance.

BROTHERS, IN A DUEL, FIGHT

WITH THEIR TRADE WEAPONS.

Butcher Shop in Residence District Scene of Fierce

Conflict Over Small Sum of Money—Youngest, With

Bare Fists, Overcomes Elder, Who Tries to Use a

Cleaver and Knife.

EXCLUSIVE West-Adams street.

District was started into gossip

yesterday afternoon, when its two

youngest butchers, brothers and

brothers, fought a duel, one armed

with a cleaver and knife, in an attempt

to settle a dispute over money matters.

A matter of the district, while on a

shopping tour, dropped into the little

meat shop to order lamb chops for

dinner and sounded the alarm by

screaming and fainting, when she saw

Charlie Lovingsh astiride the strug-

gle, but prostrate form of his brother

Joe, punning him with all the ardor

of a lusty man.

The baker, the druggist and the

hardware man, attracted by the tur-

moil, rushed into separate the battling

brothers. The peace and dignity of

the neighborhood had been shamed and

violence, and while Brother Joe was

searching around among the pickle

bins and pie-fee bucket for three

minutes front teeth, Baker Marshall

announced him thus:

"Joe, I'm ashamed of you. This is

respectable neighborhood, we're de-

## RIGDON CASE.

(Continued From First Page.)

In Mr. Fetzer's offices after I had agreed to go there," the woman said. "So I took my sister with me. When Rigdon came in, I showed him a letter and told him he had been persecuting me."

That was about all that was said as far as she was able to tell," concluded the police official. "I suppose that you don't want anything further to do with me," dropped his head in his hands and then reached for his gun in his desk and began to shoot at her and her sister as they ran out of the room, and Mrs. Young fell. He turned the revolver to his own head and fired.

"Fetzer, according to the woman, was in the room and heard all the conversation. He left when Rigdon reached for the revolver, according to our investigation of the circumstances."

## LETTER TO TANNER.

"The letter that Mrs. Young says she showed when she upbraided Rigdon was one which he had written to S. W. Tanner, clerk at the hotel in which Rigdon had cast reflections upon the character of Mrs. Young. She said that the letter had been written by Rigdon during a fit of jealousy some time ago when she was stopping at the hotel. She asserted that Tanner had given the letter to her as soon as he received it."

The mother of the two women went to Evanston to live about three weeks ago. She says her name is Mrs. Oscar J. Trojman. She said that her husband, who had been in the Norwegian diplomatic service at Washington and London, died six years ago in the English capital.

"We came to Chicago at the request of my daughter, Mrs. Young, three weeks ago," she said. "Mr. Rigdon and she arranged for the lease of this house. I know that Mrs. Young had been employed by him as a private secretary and stenographer for about three years and had traveled all through the West with him on his business missions."

The mother said that Mrs. Young was married ten years ago to Alexander Young, a New York attorney, and they separated about three years ago. She said Young now was living in New York or Philadelphia. After the separation, she said, her daughter became a stenographer and it was in a business office in New York that she first met Rigdon.

Mrs. Trojman said that since her husband's death Mrs. Young had supported herself, her daughter Theresa, 20 years old, and her daughter Matilda, 16 years old, and her son Walter, 12 years old. All three of her children and Mrs. Young reside with her, she said.

esabottingresolvethebigkap vhszky yb  
"After my husband's death," she said, "we moved from London to Washington. Two years ago we moved to New York."

## DAUGHTER'S DENIAL.

According to the mother, her daughter Theresa attended a convent in Washington until recently and Matilda was in a Catholic school in Wisconsin.

While the widow was telling her story, Theresa arrived at the residence. She at once dismissed all interviewers and announced that all the information which had been given by Mrs. Trojman was incorrect.

"Her story was arranged just for the newspapers to get," she said. "You had better not believe what you have been told."

The young woman said that her own name was Mary Theresa Turner and that her half sister's maiden name was Emma Young, but that she had been married, is a widow, and refused to give her married name. She declared that Rigdon was a distant relative of Miss or Mrs. Young, and had lived with the family when they lived in New York and other cities. To account for two names she declared that her mother had been married twice.

## AMENDMENT EMBARRASSING.

Commission Now Cannot Dictate Form  
Railroads Shall Use in Filing  
New Rate Schedules.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, July 19.—[Exclusive Dispatch.] An amendment to the railroad regulation law written in during the last session of Congress is greatly embarrassing the Interstate Commerce Commission and making its members wonder if it was put in by accident or by design. It operates so as to allow the railroads to file rate schedules in forms that please them, without regard to the desire of the commission.

It forces that body, if it desires to suspend a schedule containing an increased rate and several reductions, to hold up the reductions as well as the one increase.

Before the law was changed the commission had the power to recommend the form in which the schedules should be made and filed. Under that authority the commission could have required a railroad desiring to increase a rate to file that proposed increase separately and distinct from all other rates. That power was not very highly regarded while it lasted, because the

When there's no relish to any food and all that one eats doesn't seem to do any good, then is the time to make a turn over in the diet, for that's Nature's way of dropping a hint that the food isn't the kind required.

"For a number of years I followed railroad work, much of it being office work of a trying nature. Meal times were our busiest, and eating too much and too quickly of food such as is commonly served in hotels and restaurants, these together with the sedentary habits were not long in giving me dyspepsia and stomach trouble, which reduced my weight from 205 to 160 pounds."

"There was little relish in any food and none of it seemed to do me any good. It seemed the more I ate the poorer I got, and was always hungry before I ate a meal, no matter how much I had eaten."

"Then I commenced a fair trial of Grape-Nuts food, and was surprised how a small saucer of it would carry me along, strong and with satisfied appetite, until the next meal, with no symptoms of hunger, weakness or distress of any kind."

"I have been following this diet now for several months, and my improvement has been so great all the others in my family have taken up the Grape-Nuts with complete satisfaction and much improvement in health and brain power."

"American people undoubtedly eat hurriedly, have lots of worry, thus hindering digestion and therefore need a food that is predigested and concentrated in nourishment."

Read "The Road to Wellville," in pks. "There's a Reason."

Read the above letter and you will see the above letter.

## TAKE POSLAM WITH YOU

Sunburn, Red Nose, Rash and Summer Skin Troubles May Annoy During Vacation Days.

A jar of poslam at hand during the summer vacation means freedom from many annoying little afflictions, such as rash, sunburn, fever blisters, bites, stings, burns, pimples, itching feet and scalp, etc., which are liable to affect one anywhere. In quickly disposing of these minor troubles, poslam, which has accomplished such remarkable work in the cure of eczema and like serious skin diseases, has become a veritable household remedy. There is no skin disorder for which it should not be unhesitatingly used and which it will not benefit. It is an active antiseptic and contains nothing which can possibly injure the most delicate skin. Acne, herpes, tetter, piles, scalp scales, barber's and all other forms of itch, including itching feet, etc., yield to it readily.

A special 50c package of poslam, convenient to carry when traveling, is prepared for minor uses, and this, as well as the regular 32 jar, is for sale by all druggists, including The Owl Drug Co.'s Stores.

A sample package of poslam will be mailed, free of charge, to any one upon request, by the Emergency Laboratories, 33 West 26th street, New York City.

commission was not empowered to suspend a schedule. The right of suspension was granted at the last session at the time that that prescribing forms for the making of schedules was taken away.

Now the commission may suspend a schedule, but there is no way in which it can force a separation of increases from decreases.

## LUCKY COUPLES.

TWELVE PAIRS

MADE HAPPY.

WORTHY SERVANT GIRLS RE-

CEIVE DOWRIES.

Queen Louise of Prussia Left Fund

to Provide for These Events on

Each Anniversary of Her Death.

Centenary Observed This Year.

Thousands Witness Weddings.

[Associated Press Night Report.]

POTSDAM, July 19.—Twelve pairs

of young folks were made happy at

the Garrison Church today on the oc-

casion of the centenary of the death

of Queen Louise of Prussia. Her

husband left a fund to provide an-

nually a dowry of \$113 for each of

six servant girls to be chosen from

the most worthy.

On this occasion twelve dowries

were awarded as the date fell upon

the centenary and the fortieth an-

niversary of the declaration of the

war with France.

The weddings were witnessed by

thousands. The eldest spinster prin-

cess of the Hohenzollern family, Vic-

toria Marguerite, daughter of Fred-

erick Leopold, presided.

Empress Augusta Victoria presented

the new wives with autograph cer-

tificates of merit, and Emperor Wil-

liam telegraphed his congratulations.

The press throughout the country

today published long articles regard-

ing Queen Louise, and Her Majesty's

tomb was decorated by Prussian vet-

erans.

BOY AERONAUT CHEERED.

Frank Goodale Sails Down Broadway

and Circles Tall Building

Three Times.

[Associated Press Night Report.]

NEW YORK, July 19.—Frank Good-

ale, the young aeronaut who flies

over New Jersey every now and

then, journeyed to New York in his

dirigible balloon tonight and sailed

successfully down Broadway to Forty-

second street, where he circled the

Times building three times.

He was plainly visible above the city

in the glare of the electric lights and

the theater crowds cheered him as he

passed.

The boy aeronaut turned northward

up Broadway on his homeward jour-

ney, then shot away to the west toward

New Jersey, disappearing in the night.

port at Valdez, Alaska, that the erup-

## SPORTING NEWS, LOCAL AND TELEGRAPHIC.

GOOD START.  
VERNON NOSES  
OUT SENATORS.Roy Brashear Slugs Pill at  
Right Time.Hooligans Make Enough  
Runs in First to Win."Brack" Blanks Tail-enders  
for Seven Periods.

Vernon, 3; Senators, 1.  
Roy Brashear yielded his big stick mightily and at the right time yesterday and the result was that the Hooligans came out on top in the first struggle of the series with the Senators. The visitors were never entirely out of the running as Brackenridge was touched up pretty freely but when the final reckoning was made it was found that the two runs that Roy drove home with a two-sacker in the first period were enough to win the game.

The elongated Hunt was on the mound for the Senators and he had two bad innings in which the Hooligans gathered five swats and three runs. Four more hits were scattered through the periods between the first and the eighth, one of them being a triple in the third by Roy Brashear. This was the longest of the three swats that Roy got and it was the only one that did not figure in the scoring.

"BRACK" TIGHT.  
The Senators found it difficult to do anything with Brackenridge at critical times, and they were held runners during the first seven innings, during which time they only got three hits. In the eighth they bunched two hits and broke the ice. In the ninth they became real dangerous and if a fast double play had not brought the struggle to a sudden close it might have taken extra innings to settle the dispute.

Both teams played a good fielding game. The Senators did not show like tall-enders, as they handled everything in snappy fashion. Kitty Brashear was the only Hooligan who made a bungle and that was a high throw to second in the seventh after Heister had been caught off first and was making for the keyhole sack.  
The visitors did nothing in the first period. After two were out Perry was hit by a pitched ball but he was thrown out at second by Hogan. On the other hand, the Hooligans made a big splash when they landed and won the game right then and there. Carlsie led off by laying down a bunt that he beat out. Stovall hit to Burns, forcing Carlsie, and then stole second. La Longe dropped the pitched ball on which Stovall started for the home plate but he had a fine start and undoubtedly would have been safe even if La Longe had made the throw.

ROY'S DOUBLE.  
Kitty Brashear walked and then Roy came through with a double to the center-field fence, scoring Stovall and Heister. With two men home, only one was out, but Coy struck out and Burdell died, Shinn to Danzig.  
The Hooligans, as well as the Senators, drew blanks during the next six periods, although several times it looked as if one team or the other was going to come across with something. Shinn got to third on two steals in the third inning, but two men were gone and Burns died. In the same frame Roy Brashear hit to center for three cushions, but he was left on the corner. The Senators started the bases in the fourth with two passes and a single, but Brackenridge refused to blow up and the visitors got nothing.  
Two doubles by the Senators, a clean earned run in the eighth. After Shinn went out, Burns hit down the left field and landed on second. Perry hit over Carlsie's head for an extra base, sending Burns across the plate.

HOOLOGANS RETALIATE.  
The Hooligans in their half of the eighth also got a run. Kitty opened the period with a double to center and he was rewarded in their foul purpose. Boardman, the first man up, singled over second. Briggs hit to Burdell, who hit to Broadbent, who hit to Heister, who hit to La Longe, who hit to Shinn and was doubled up with Burdell.

The Senators made a desperate effort to break up the game in the ninth but they were thwarted in their foul purpose. Boardman, the first man up, singled over second. Briggs hit to Burdell, who hit to Broadbent, who hit to Heister, who hit to La Longe, who hit to Shinn and was doubled up with Burdell.

had better look out. A special "cop" has been engaged to guard the machine.  
Roy Brashear is going north the latter part of the week to join the Angel brigade.  
"Brack" pulled out of a bad hole in the fourth. Two walks and a single filled the bases but the best La Longe could do was to hit to Lindsay, forcing Heister at second.  
Five dinky grounders and three strikes made quick work of the sixth period.

SEATON BLOWS UP.  
SEALS JUMP TO TOP.  
PORTLAND, July 19.—(Exclusive Dispatch.) Roy La Salta, former manager of the Hotel Albany, was held in \$500 bail for trial in Westside Court this afternoon on a charge of violating section 1715 of the penal code in holding stakes on a bet on a prize fight—the recent Jeffries-Johnson contest. At the same time he was acquitted of grand larceny in a case growing out of the same transaction. Salts was stakeholder for a \$500 bet. When the result of the fight was announced Salts had disappeared, there was no money for the bettors. Counsel for Salts made the point that as betting was illegal, the winner obtained no legal title to the winnings, and that no crime had been committed.

KEEPS STAKE  
ON BIG FIGHT.Held for Holding Bet Money, Ac-  
quitted of Larceny for  
Keeping It.

NEW YORK, July 19.—(Exclusive Dispatch.) Roy La Salta, former manager of the Hotel Albany, was held in \$500 bail for trial in Westside Court this afternoon on a charge of violating section 1715 of the penal code in holding stakes on a bet on a prize fight—the recent Jeffries-Johnson contest. At the same time he was acquitted of grand larceny in a case growing out of the same transaction. Salts was stakeholder for a \$500 bet. When the result of the fight was announced Salts had disappeared, there was no money for the bettors. Counsel for Salts made the point that as betting was illegal, the winner obtained no legal title to the winnings, and that no crime had been committed.

NEGROES BARRED.  
TOO MANY BALL TEAMS.  
CHICAGO, July 19.—Colored baseball teams, including the Cuban ball team, will hereafter be barred from participating with the teams of the Chicago baseball league.

## Causes Sickness

### Good Health Impossible With a Disordered Stomach

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge every one suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality if after reasonable use of this medicine they are not satisfied with the results. We recommend them to our customers everywhere, and have yet to hear of any one who has not been benefited by them. Three sizes, 25c, 50c and \$1 a box. Sold only at The Owl Drug Co., Incorporated. A. San Francisco, Oakland, Cal., Seattle, Wash.; Portland, Or.

# MUCH ACTIVITY IN OLD MEXICO.

Great Strides Made in Industrial Lines.

## Much American Capital Is Being Invested.

### Progress of Development Beyond Expectations.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

MEXICO CITY, July 13.—Prosperity in Mexico is evidenced by the current undertakings of manufacturing and industrial projects, enlargements of such concerns already established, and the importing of capital from foreign sources.

Americans, organized as the International Cement Company, whose official household is composed chiefly of Kansas City and El Paso capitalists, will soon begin the construction of a Portland cement plant at Juarez. The works will mean an investment of about \$2,500,000 in United States money, and will have a capacity of 3000 barrels a day. Raw materials for the manufacture of cement are available at Juarez in ample quantities to supply the plant for an indefinite time to come.

September 16, the date memorable in the annals of Mexico's struggle for independence, will witness the formal inauguration of the \$1,000,000 cement works being built at Tula by the Politeo Portland Cement Company, which has imported all its mechanical equipment from the United States. The initial capacity of the plant is five carloads a day. This will be doubled within a year. Among the company's properties ready for operation is a warehouse capable of storing 50,000 barrels.

Monterey money is back of the decision to build at San Pedro, Coahuila, a cottonseed oil plant which is already armed with enough contracts from cotton growers of Laguna district to insure its success from the day of opening next fall.

The first factory in Mexico to turn out waterproof clothing and canvas belting has started operations in Chihuahua. Americans are heavily interested in the undertaking.

Electric steel converters are being added to the Delicias rolling mills, which formerly turned out no more finished products than bar iron and iron rails, using pig iron from the Encarnacion works in the State of Hidalgo. The first converter, which is the only one of its sort in Mexico, has a capacity of twenty tons. Before the end of this year there will also be in operation the \$1,000,000 steel and saw works of the Mexican Steel and Chemical Company.

The Mexican Telephone and Telegraph Company will double its service here by the first of next year. The present equipment was believed when it was installed three years ago to be adequate to all demands for ten years.

An ice merger has been consummated here by the purchase for \$400,000 of the premises of the Dos Americanas company and one of the first innovations by the combine will be extensive improvements in refrigerating and cold storage facilities to be ready at hand.

Thus far this year more than 500 of English corporations, representing capital to a total exceeding \$18,000,000, gold, have registered their interests in London to do business in Mexico. The figures are far above the records of previous winter years.

A greater number of large modern buildings is in process of construction now than ever before in the history of Mexico City. Some of the new ones are being erected by the government and many by private individuals and corporations.

## FROZEN TO DEATH IN JULY.

### Ice Packed About Head of Heat Sufferer Causes Death—Friends Follow Doctor's Advice.

(ASSOCIATED PRESS DAY REPORT.)

NEWARK, July 13.—Frozen to death in mid July was the temperature hovering around 90 degrees was the case yesterday of Paul Sorrente, an employe of an iron foundry at Florence, N. J. Sorrente was overcome by the intense heat of his work and a physician advised placing ice about his head.

Eager friends took the advice to literally and placed large blocks of ice about his head, neck and limbs. He coming alarmed a few hours later, his young man's family recalled the physician, who discovered his patient had been dead some time. Examination showed that too much ice had actually frozen the man.

## DEATH SEALS MYSTERY.

### Man Accused by Wife of Shooting Her Dies of Locomotor Ataxia—She Will Recover.

(BY DIRECT WIRE TO THE TIMES.)

WHITE PLAINS (N. Y.), July 12.—Arthur Brady, who was the center of a curious mystery some two weeks ago, is dead at his home in Kildare, near here, of locomotor ataxia.

On the 30th of last month Brady was found helpless in his wheel chair, a revolver at his feet and his wife on the floor nearby, shot through one arm and the body. The woman said her husband had shot her but he said she had shot herself.

After an investigation the police ordered a warrant sworn out for Brady charging felonious assault, but because of his illness it was never served. His wife will recover.

## IRA G. RAWN REDEEMED.

### Well-Known Railroad President Shot by Burglar—Assassin Escaped.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, July 12.—[Exclusive Dispatch.] Ira G. Rawn, president of the Monon Railroad Company, was shot and instantly killed by a burglar in his summer residence in Winnetka, North Shore suburb, at 2 o'clock this morning. The murder was a mystery, there is no clue to his identity. Mark on the door that he had forced with a "jimmy" proved that he was a burglar.

Mr. Rawn was one of the best known railroad men of the Middle West. For many years he was one of the vice-presidents of the Illinois Central Railroad.

The United States Naval Academy's squadron, consisting of the battleships Iowa, Massachusetts and Indiana, with 400 midshipmen in charge of Com-

**BULL'S-EYE SHOTS FIRED BY HUGHES.**

*Vital Youngest Methodist Bishop, "Quick on the Trigger," Hits the Center With His Sharp Words at Huntington Beach.*

**Bishop Hughes, the Man of Force and Action,** conspicuous in the camp-meeting at Huntington Beach as the youngest English-speaking Methodist bishop in the world, and rapidly becoming a national figure.

of Welsh descent. Unlike a great many Welshmen, however, he is of striking appearance. Parted in the middle, one side of the "part" is a Whistler lock of white; the rest of his head is sandy brown.

What you always remember about him are his keen, quick little eyes. They are narrowed down to slits as he talks to you. They dart at you lightning glances that seem to dispose of you and your questions with the swiftness and finality of a camera shutter.

The bishop is mentally "quick on the trigger." Interviewing him is a process which reminds you of the old vaudeville performance of outlining the figure of a man with bowie knives. The reporter is the one outlined. The bishop's replies come with a flash and a sting and he finishes every topic with one answer.

He can say so much in so little space that it takes your breath away. He answers your questions in short, incisive sentences.

He was asked about a topic just now agitating church circles—the propriety of "press-agenting" sensational sermons.

The bishop was asked about the tendency to preach such sermons.

He shot one of his rapid-fire glances at the questioner.

"You know what goes on in newspaper offices, don't you? Well, do you know above two or three preachers who do what you describe? No. Well, then the so-called tendency can't really be called a tendency, can it?"

"How far do you think it justifiable to chase newspaper headlines with sermons?"

The bishop took a decisive step across the room, kicking one of the boy's tennis slippers under the bed in transit. He pulled open the drawer of a small cabinet, showing indexed envelopes, each containing a sermon.

**NOT FOR SENSATIONS.**

"I write out all my sermons," he said. "I am writing all the time. A man couldn't exercise this much work and care and still speak in sensational."

**WORK FOR ALL WHO SEEK IT.**

*Two Thousand Men Wanted Along the Aqueduct.*

*Solving Financial Problems in Fine Shape.*

*Propose to Get Water Here Ahead of Time.*

Two thousand men are wanted by the aqueduct bureau for the great work in Owens Valley. This announcement was authorized by Chief Engineer Mulholland yesterday, and followed a meeting of the Aqueduct Advisory Committee. In brief it means that the aqueduct finances are so arranged that the stupendous project, so dear to the people of Los Angeles, may go ahead with new zeal towards the redemption of the promise of completion in the spring of 1912.

The men wanted are laborers, miners and mechanics and the aqueduct offices in the Central building are ready to receive their applications. It is not expected they will be obtained in a day, but that number is desired as soon as possible. There are now 1000 men at work and the additional number will bring the progress up to five miles a month.

It is not up to the speed of last winter and spring, when 2400 men were employed and the progress was approximately eight miles a month. But it is up to a high rate that will insure the completion of the work on advanced schedule time when additional funds are provided February 1.

**MONEY IN SIGHT.**

The aqueduct has actually in sight \$300,000 for the next seven months. This permits an average progress of 1.66 miles a month. But it is expected that the bond syndicate will be able to sell at least \$500,000 more of bonds within ninety days. This is really more than an expectancy in the minds of the aqueduct officials. It is possible the project will have \$1,300,000 provided before December 1, which will admit of high tension work in the winter months when climatic conditions increase, not only the numbers available, but their general efficiency.

In addition the aqueduct officials will proceed with the specifications for the steel siphons that are to be an important feature of the work and which are to cost \$1,000,000. The contracts will probably be let soon so that much of this work may be done during the late winter months, perhaps all, as there are but two winters in which to install them. These siphons cross wide canyons, are of heavy steel and are eight feet in diameter.

Another event of interest is the announcement of the Southern Pacific that its road north of Mojave has been completed to the Cottonwood Creek power-house, and will be pushed to its junction with the California and Nevada Railway, near Long Pine, in the early fall. This work solves the transportation problems for both aqueduct and power projects.

**"CORKED UP TIGHT."**

Chairman Washburn of the Council Finance Committee said yesterday that it seemed certain that the arrangements already announced will be completed for presentation to the Council in a day or two, but that no definite statement would be made until everything "is corked up tight." But the action of the aqueduct officials indicates that the certainty is under the "cork." The Finance Committee held another session yesterday and brought the deals many steps nearer that certainty.

Since May 15 the aqueduct work has dropped. The report of progress for June shows that 2.6 miles were completed, a little more than one third of the progress of the months of high tension work. But the statement of all work completed June 30 shows that the hardest nuts have been cracked, for out of forty-three miles of tunnels, there remains but 6.6 miles to be completed.

The greater part of the work to be done is open and may be rushed through with an army of men. The difficult parts have been finished subject of time and vindicates the strategic plans of Mulholland in his campaign against the rock-ribbed Sierras.

In all there are 212 miles of conduit to be built. Of this distance there were completed, June 30, 192,416 feet of tunnels, 264,015 feet of covered ditch, 16,440 feet of open ditch, 282 feet of siphons, 62,402 feet of canals and 466 feet of flumes. This is a total of 538,441 feet of all work done, or 10.1 miles. The balance still to be finished, not including reservoir distances and the San Franciscoquito Cañon.

**LABOR THE NEEDFUL.**

With the "hard nuts" cracked, the work now turns to the less difficult where the rates of progress may be limited only by the ability to get labor. Since May 15 only one of the three big dredgers has been in use and only three of the twelve steam shovels, but with adequate financing these will all resume and multiply the progress through the soft portions. For it has been Mulholland's campaign plan to leave the easiest work to the last.

It is now planned to fill the fifty-two camps to approximately their maximum quota just as soon as enlarged financing will permit, and this financing effort will not be permitted to rest by the Finance Committee. Every official is alert and zealous that the project must be completed according to Mulholland's promise, for nothing will prevent it except financial disturbances.

The financing will probably result in the declaration of the \$448,000 subscribed by the local banks subject to the option. It was developed yesterday that the syndicate would not consent to this sale, and offered in lieu of it to undertake to sell \$500,000 additional, and the banks will gladly permit the change. It will make no difference to the banks, as the spirit of the subscriptions was largely to sustain the big project temporarily and to demonstrate to the syndicate and the money markets that the people would not let the water scheme halt or stop.

The substance of the syndicate's answer to Chairman Washburn was that it would release \$1,500,000 of bonds, providing the sales subject to option were not made because such sales would obligate the syndicate to pay a premium while others were buying at par. The text of the other telegrams between the officials and the syndicate and the other subscribers sent, and to which the reply alluded to above refers follows:

**TELEGRAPH NEGOTIATIONS.**

"Kountze Bros., 120 Broadway, New York."

"Your telegram of July 14 to Mathews has been referred to Advisory Committee appointed by Council to conduct further negotiations, of which I am chairman, and your proposition have been approved by committee with understanding that firm sales of \$1,000,000 of bonds from last option is to be made by city direct to New York Life and Metropolitan Life at par and accrued interest with your consent. If this your understanding? I. A. bank have already subscribed \$350,000 of bonds from last option at par and in interest subject to your existing option at 101. Consequently we cannot modify terms of your option on these particular bonds as proposed in your telegram. If you deem it necessary we will endeavor to have banks cancel their subscriptions. Have assurance from Council that upon satisfactory answer in regard to above modifications your option will be accepted by Council."

"W. J. WASHBURN."

The telegram of the Mayor to the New York Life Insurance Company was:

"Los Angeles, Cal., July 15."

"New York Life Insurance Company, New York City."

"Your telegram received. We take on firm sale \$500,000 of Los Angeles 4 1/2 per cent. waterworks bonds at par and accrued interest, if city in position to make unconditional sale. Please answer immediately."

"GEORGE ALEXANDER, Mayor."

The company sent the following answer:

"New York, July 15, 1910."

"George Alexander, Mayor, Los Angeles."

"Telegram received. When your city is in position to make unconditional sale this company will entertain an offering subject to opinion of our counsel as to legality of issue and accompanied by written guarantee of syndicate that the option is released. \$500,000 Los Angeles water 4 1/2 at par."

"NEW YORK LIFE INS. CO."

**HIS COMRADES ARE SADDENED.**

*TRAGIC DEATH OF COL. GIFFORD SHOCK TO FRIENDS.*

*Commanded Troop of Horses in Boer War and Saved Many Lives in Matabeleland—Died in London as Result of Burns from Auto—Well-Known Here.*

After glorious service on many battlefields of the world, Col. Gifford, commander of Gifford's Light Horse in the Boer War, who passed all a last winter with friends in Los Angeles, has come to an inglorious end at his home, Hampton Court Palace, Eng., according to dispatches received by intimate friends in this city.

Maj. F. R. Burnham, who served under Col. Gifford, was the first to receive the news. An auto in which Col. Gifford was about to leave home took fire by explosion. He endeavored to save the machine, at the ultimate cost of his own life, for the flames caught his clothing, and, having but one arm, Col. Gifford was unable to stop it. His friends who witnessed the accident also came to the rescue too late that he died shortly after.

A number of people residing in Southern California owe their lives to Col. Gifford. Among others are the three brothers Bick of Pasadena and A. Kingsley Macomber, also of the Crown City. They, with about thirty-five settlers, residing along the Innes River, in Matabeleland, were surrounded by hostile natives, bent on massacre. Since most of them were women and children, the outlook was very precarious, and they would undoubtedly have fallen before the machete and spears of the dusky warriors but for the timely arrival of Col. Gifford and about twenty men.

Later in the Matabele campaign Col. Gifford lost his right arm. This did not prevent him organizing the light horse troops, which did such effective work under his direction in the Boer War. He saw service in America, when, as a mere boy, he commanded a body of scouts against the insurrection of the halfbreeds, Kiowa, in the Southwest.

While in Los Angeles the colonel was a guest of various of his old friends, but passed the greater part of his time at the residence of Dr. George Martyn, who is the physician of Col. Gifford's widow. The American contingent of his admirers yesterday telegraphed their regrets to the mother of the deceased colonel. The message read:

"The American contingent, Gifford's friends, deeply regret the loss of your son, a brave commander." It was signed by Maj. Burnham.

Col. Gifford was a lover of clean sports, had a large estate in England, and was especially interested in the new science of flying. He was one of the first men in England to start a passenger on an aeroplane, and while in this city expressed his intention of owning a flying machine at some future date.

**HIS EYE ON THE PUGS.**

*Governor Shows Interest in the Prize Fight Situation Here by Making Telegraphic Inquiry.*

That Gov. Gillett is keeping his eye on the prize fight situation in Los Angeles was indicated yesterday by a telegram which he sent to Dist. Atty. Fredericks. About the time his message was received, the City Attorney was being instructed by the Council to prepare an ordinance forbidding prize fights or boxing matches to which admission is charged. This action is regarded as another invitation to a referendum fight.

What action have the Mayor and Council taken concerning the prize fight ordinance? The message from the Governor read:

"The District Attorney wired back that the Mayor had recommended to the Council that the prize fighting ordinance should be amended and that it had acted along this line."

**PURSE AND DOG STOLEN.**

Blossom Seelye, the soprano at a local theater, and Mrs. Edward Zerk, a performer at another playhouse, were visitors at the police station with their complaints yesterday. Miss Seelye was sure someone had entered her room during the afternoon performance and stolen her chainette purse. Mrs. Zerk wanted the police to help her recover Hyti, a trained black-and-tan English dog. She was not sure

are near. Adjoining the Midway Five buildings a new company will operate on ten acres. The incorporators are J. J. Grant, R. N. Smith and W. H. Thomas of San Francisco.

Consolidated Midway Oil. It was announced yesterday at the offices of the company that the Consolidated Midway Oil Company will begin delivering oil by contract the first of next week. It is not given out who will get the company's production, but it is known that some time ago a committee of five of the directors was named to seek a market for what it believed will be a big production. The name of the purchaser will be made known before many days.

## NO DREAM. EASY MONEY FOR NEEDY MEN.

ONLY HAVE TO PICK UP PRICE OF BED OR MEAL.

Nevel Scheme Worked by an Old Street Preacher—Lifts Collection, Places It on Open Bible and Invites the Needy to Come Forward and Help Themselves.

About the most unique system of transferring a dime or a quarter from the pocket of the fellow who has it to spare to the pocket of the fellow who has none, is that followed by a benevolent (or crafty) old street preacher, who mightily entertains crowds on Los Angeles street.

When the time comes for taking the collection, he places the money received on an open Bible in front of him and invites those who need it to step forward and help themselves.

"Come on now, any of you fellows who need a bed or something to eat; come right up and help yourselves," is his invitation. "Don't be backward; if you need it, so come and get it."

Last night when he gave the invitation, the first fellow came doubtfully forward and picked a dime off the book, saying:

"I need a bed tonight," said the preacher, "you're welcome to it; anybody else?"

Several stepped up and took dimes, among them being a fellow somewhat the worse for drink.

"You've been boozin'," said the preacher severely, "but if you want it for a bed, all right."

The fellow took a dime and showed a disposition to stand around in the crowd, as if to get another chance.

"Go on now and get your bed; go on," and the fellow was glad to edge away out of range of the preacher's keen eye.

Then the fellow who had taken the first dime of the book, having gathered courage while he waited, crowded forward and said he wanted to exchange his dime for a quarter.

"I haven't had any supper," he said, "and I thought I might as well have something to eat and a bed, too."

"Why didn't you think of that in the first place?" the preacher roared, as he glared at the fellow, feeling sure that he was being "worked."

The exchange was made, however, without interference, but the parting shot of the preacher, as the fellow got away, was:

"Why didn't you think of that in the first place?"

Now, there are a lot of fellows in the world that listen to the exhortations of this old preacher, who are in desperate need of a bed or a meal, and the dime lying there on the book look good to them, but they cannot summon the courage to step up and get one. They look longingly at the money and finger their empty pockets, so that those who really need the help must do get it.

They fear a "roast" of some sort, should they reach for the money, but the honest fighters don't mind this, and the result is that, on the whole, very few take advantage of the offer.

It looks like a very shrewd diverting dodge on the part of the preacher, who thus induces men to give up their coin, but he easily gets the lion's share for himself.

"Come around tomorrow night," is his parting invitation, "the money will be here on the book."

## LETTERS TO THE TIMES.

The Times freely publishes the views of correspondents without holding itself responsible for the opinions. It is not a platform for the expression of views, but a place for the expression of facts. The editor is not a party man, but a man of letters. He is not a party man, but a man of letters.

How About This? LOS ANGELES, July 18.—[To The Editor of The Times.] It may be that I am not advised as to the purposes and movements of those directing the forces of what is known as the regular Taft Republicans. From personal observation and general conversation with Republicans under this alignment there does not seem to be any effort to make or contemplated for concerted action.

It is possible that regular Republicans, loyal to Taft and the principles of the party, intend to lay down and allow insurgent Republicans and designing Democrats to gain a victory at the coming primaries, which they will declare to be largely contrived to defeat and repudiation of Taft and his administration and the policies for which the party as now organized so firmly stand? Can it be that Stanley, Mervin, Hammel, Werden, Keyes, Frederick, Welch, Johnson, Logan, Bryan, Hunt, James, Moss, Davis, Harvey and others, who have been honored by the regular Republicans and now seeking further favors, will forget their obligations to the party, and as to whether it may survive or fall, and rely solely upon their individual personal organization to rescue or keep them in office? I would not assume to be a prophet and would not dictate any policy, but I firmly believe, from my knowledge and observation of the situation, that if a selfish individual course is pursued, while the forces are concentrating all their efforts to invite defeat, which must inevitably come. It is my humble belief that if the leaders and officials and their friends would come out and place their destiny in the hands of the regular Taft Republicans, the party and standard of the party would be maintained and victory assured.

But it was even better to go down to defeat in open, honorable defense of the Taft administration and the principles of the party, than even to win by a half-hearted, selfish individual course, apologizing and truckling, thereby encouraging the slanders and false charges of the opposition.

The opposition is organizing and concentrating, setting aside the claims of their individual, looking to the well-being of their organization and to the future of the party, while we seem to be standing on the horns of a dilemma, waiting for the

meet in representative convention, or conference if you would prefer the sentimental name and go to the bat to win.

R. W. RICHARDSON.

For Congress, Theodore Roosevelt. LOS ANGELES, July 18.—[To The Editor of The Times:] John Quincy Adams, one of the most admirable of our Presidents, became a member of the House of Representatives after the expiration of his term and rendered the country invaluable service by his great abilities, experience and statesmanship. His unselfish character and self-sacrifice was the admiration of the nation.

Now here is a chance for ex-President Roosevelt to render a similar service for the people of this country. Let him accept the nomination for member of the lower house in the district of his residence. Of course, he would be elected, and when the next House is organized he would, or should be elected speaker. And what a speaker he would make.

Business would be dispatched in a way to make regulars, insurgents and Democrats sit up and take notice. The terms "insurgents" and "stand-patters" would merge into the grand name "Republican," and harmony would once more prevail under the leadership of this brilliant and forceful American.

Then what a team Roosevelt and Taft would make, both working in harmony in the interest of this, the greatest of nations. Both men of great ability and experience, and both as honorable and upright in the public service as any country in the world's history ever possessed.

This combination of great ability and unselfish statesmanship would challenge the attention and admiration of the world, and history would record it as the happiest solution possible of present political problems.

GEORGE D. COPELAND. 224 Micheltoreno street.

## GIVES WAY TO IMPROVEMENT.

Contract Let to Raze the Old American National Bank Building for Skyscraper.

The Broadway Investment Company yesterday, let to Peck & Co., the contract for the wrecking of the old American National Bank building, at the southwest corner of Second and Broadway. The work of demolition will begin at once. The structure is four stories in height and of substantial construction. It will be replaced with a ten-story block of the most modern fire-proof type.

This latter building, a perspective of which appeared exclusively in the Times of April 10, will have a frontage of 50 feet on Broadway by a depth of 163 feet. The exterior will be of white glazed tile, the interior of tile and hard woods. It will cost close to \$350,000, and with its site will represent an investment of approximately \$500,000.

The razing of a two-story frame structure at the rear of the old bank block has been accomplished. The purchase of this part of the site from J. H. Martindale for \$20,000 was reported exclusively in the Times of March 2, while the transfer by the Citizens' National Bank to the Broadway Investment Company, of the 108 feet comprising the part of the property now occupied by the bank building, was also reported exclusively in this paper.

## MEET TO PUSH BILL.

Government Employees Form Branch in the Interest of the Goulden Retirement Measure.

Representatives of the various branches of government service in Los Angeles, met yesterday evening at the Hayward to form a branch of the United States Civil Service Retirement Association, which has national headquarters in Washington.

This organization, which is spreading throughout the country, has for its present object the furthering of the Goulden retirement bill which was presented at the last session of the Legislature and held up as unfinished business for the ensuing session. The bill provides for the retirement of old, injured and faithful employees, at a regular pension.

A temporary organization with Leon Umsted, superintendent of University Station, as chairman, was effected. P. E. Vestal, president of the Eighth Division Railway Mail Association, was made secretary. Others prominent in the movement who were in attendance were: J. G. Thompson, clerk in the postoffice; W. D. Fuller, representing the weather bureau service; W. A. Hutchins, of the immigration service; C. J. Showberger, of the customs service, and W. J. Holden and C. H. Lovering, of the city carriers.

## Eyesight Satisfaction

Can only be had when the eyesight is in such perfect condition that there are no headaches or general nervousness. Ninety per cent of these ailments are developed from faulty eyesight, and can only be cured by first curing the eyesight. Delay means not only a serious Nerve Drain, but also causes Eye Diseases that frequently cannot be cured. One of these is Cataracts, which start so insidiously that when realized it is frequently too late to arrest their growth. Do not be the victim of your own delay. See me for all eye troubles as well as for rightly-fitted glasses.

Examination Free when Glasses are Ordered.

the counting cannot be guaranteed. A  
 package came in yesterday wadded up  
 in such shape as to almost destroy the  
 value.

It is a small matter for the individual  
 to put up these coupons properly,  
 but it makes a great difference in  
 counting the many thousands which  
 are to be handled at scholarship head-  
 quarters, whether they are in order or  
 not in "better" order.

The contestants have strung into the  
 work in earnest, and with their eyes  
 on the great final goal, are pressing on  
 unrelentingly.

**SCHOLARSHIPS.**  
 Preparatory School of University of  
 Southern California—Scholarship for  
 1910-11. Value \$50 each.

Belgian Minister, Here Inspecting  
 Vice-Consulate, Finds His People  
 Happy and Mostly Farmers—  
 Reports Prosperity in All Parts of the  
 United States.

Count Conrad de Buisseret, Belgian  
 Minister Plenipotentiary to the United  
 States, will leave Los Angeles this  
 morning for Washington, after having  
 passed three days here.

His visit was for a two-fold purpose:  
 primarily, the inspection of the Belgian  
 vice-consulate of Southern California,  
 of which Victor Ponet is in charge;  
 secondarily, to pay a call on his  
 father-in-law, Maj.-Gen. J. P. Story of  
 Ridgeway place, Pasadena.

Every moment of the Count's time  
 has been occupied. He has been the  
 guest at dinners given by H. E. Hunt-  
 ington, Mr. Ponet and others. It was  
 while preparing for one of these affairs  
 at the California Club yesterday even-  
 ing that he was able to find just a  
 few moments' time to speak of his  
 visit to the Southwest, and his inspec-  
 tions throughout the United States.

"The Belgian people in this country  
 are very happy. They are chiefly of  
 the Flemish colony, very few of the  
 Walloons, who comprise the other half  
 of the Belgians, ever having emigrated  
 to the United States," said Minister  
 Buisseret. "I find that the great ma-  
 jority of the Belgians are agricultur-  
 ists here, as they are in their native  
 land."

"Just a few evenings ago I was the  
 guest of the Belgian colony at Moline,  
 Mo.; but I had an excellent time there,"  
 he said, with a reminiscent sparkle in  
 his eyes. "They had a Flemish fes-

**Selling Faster and Faster**  
**These "Indestructo" Trunks**

—are breaking all records.  
 —Travelers can't help seeing their points of superiority.  
 —Made entirely different from any other Trunk. Of 3-ply  
 hardwood veneer; beautifully finished, strongly reinforced.  
 Lighter, Stronger, More Capacious. Registered and Insured  
 for 5 Years.  
 —Every point is a strong selling point.  
 —No wonder the factory was so recently 4500 Trunks behind  
 its orders.

**INDESTRUCTO** Exclusively at Bullock's

**ONE INDESTRUCTO TRUNK TRAVELED**  
**60,000 MILES—IN SAFETY.**

Since that famous "round the world" trip of the "Globe Trotter",  
 hundreds of Indestructo Trunks have traveled astonishing distances  
 in safety.

Indestructo Trunks have proved that they can travel further without  
 repair than any other trunk made.

The Indestructo is built strong—so strong that the hardest jolts have  
 little effect on its rigid construction.

The makers furnish with each Indestructo Trunk a FREE FIVE  
 YEAR INSURANCE POLICY against fire—accident—wreck and  
 collision.

Isn't that sufficient proof to you that Indestructo Trunks have a  
 marked advantage over other baggage?

The Indestructo has exclusive merits that make it the Convenient  
 Trunk. The trays are arranged for your comfort—light—clean—and  
 sanitary—no corners to collect the dirt.

Buy an Indestructo Trunk—it will give you real service. Come down  
 to our store. Let us show you the trunk—we know you will appreciate  
 its many advantages if you see it.

**THE REGISTRY LABEL BELOW**  
 kept the "Globe Trotter" going in the  
 right direction for 60,000 miles.  
 It will protect YOUR baggage against  
 loss if you buy an Indestructo.

**You CAN'T lose an Indestructo.**

**complete line any time.**

**Two Ways to Sell Pianos**

"No business transaction  
 is honest," says Lyman  
 Abbott, "unless it has for  
 its object the well-being  
 of both parties."

Transacting business in  
 an "honest" way is often  
 said to be impossible in  
 the piano business. We  
 believe it is for those  
 houses, first, who haven't a good pa-  
 tronage established; second, for those  
 who have preyed upon the public's confidence  
 or gullibility by means of "something for  
 nothing" schemes.

To turn over a new leaf, for those houses,  
 and to wait for a legitimate patronage, would  
 mean ruin—starving to death. The confidence  
 of the public is hard to get, and harder to  
 keep. With us—we have pursued Lyman  
 Abbott's ideal for thirty-three years—have a good, steady busi-  
 ness established—don't have to resort to tricks.

Come in and get acquainted. You'll like our methods.

Broadway Corner Sixth Street

### INDUSTRIAL PROGRESS.

#### A New Metal.

At the recent convention in San Francisco of the American Chemical Society, Elwood Haynes announced his development of a new metal by a fusion of the elements, cobalt and chromium, which rivals the hardest steel in hardness and durability. A number of articles, made from the new metal were exhibited, one of which was a high-speed lathe tool, which had been tried out with some of the best of the steel variety. The steel tools were melted about the points from the intense heat caused by the friction, while the chromium cobalt tool remained with an edge as sharp as could be desired. Tests with the highest speed lathes failed to destroy its point.

Haynes also showed a number of pocket knives made of the metal. One consisted of an ordinary steel blade and a cobalt blade. He plunged both blades into a lemon, and in a short while the characteristic action of the acetic acid became visible on the steel, while the cobalt remained as bright as mercury.

Another, and perhaps the most severe test of all was the inserting of a piece of the new metal into a test tube of concentrated nitric acid. As the tube was passed about for inspection the fumes of the acid made every one choke, but the metal remained unaffected.

#### Colored Picture Films.

A French film concern has devised means by which films can be successfully tinted. The coloring machines are ingenious affairs, provided with a number of stencil strips as long as the strip of picture film. Holes cut in the stencil strips correspond to the parts of each of the little pictures which are to receive the coloring of ink or dye each strip is expected to give the film. The stencil strips are run through the machine on top of the picture film, one at a time, until all the colors have been put on. The stencil strip and film strip, of course, run through the machine as if one solid layer. The coloring matter is put on the film by a short, endless band of velvet, which acts as an ink brush, the soft, brushlike surface passing through the holes of the stencil strip and touching the surface of the film. After the films are colored by the machine are retouched by hand the result is so nearly identical with the best of natural color photography that the average observer cannot distinguish the difference.

#### Smoke Can Be Controlled.

At the fuel testing plant of the government at Pittsburgh it is being proved every day by actual demonstration in a plant producing 1000 horse power that all grades of coal, including the lowest refuse in the trade, can be burned without smoke. This is done at an actual saving because coal selling as low as \$1 per ton is being efficiently burned by using proper methods. Investigations have been made in the larger cities of over 200 power plants which are being operated without smoke. At the heating plant of the University of Illinois, with 2000 horse power developed, a volatile coal is being burned without smoke, and at an actual saving of \$600 a year over a carelessly operated commercial plant. It is generally conceded that engineers trained in boiler-room practice can by more efficient and more nearly smokeless combustion of coal save 10 per cent of the coal bill in half of the power and heating plants of the United States, and 5 per cent, in another one-fourth of the plants.

#### A Farmer's Woolen Mill.

Nearly 5000 farmers, who are interested in wool growing in Minnesota and other States, will be able to escape the decrease in the price of wool by sending their product to a cooperative mill at Albuquerque, N. M., where a \$120,000 plant will be purchased within the next thirty days.

It is proposed to do all kinds of knitting, as well as weaving, woolen cloth for garments. The option taken on the plant allows it to be rented for one year before purchase, if desired.

#### Profits on Clothing.

Not long ago a prominent woolen and worsted goods manufacturer stated that he would be perfectly satisfied with 16 cents' profit on the cloth he produced that would make an average priced suit of clothes, says Fibre and Fabric. This means 16 cents' profit on three and one-quarter yards of cloth, as that is about the quantity required for a suit. This remark seemed so unreasonable that we took particular pains to substantiate it, and found manufacturers quite willing to admit that such a profit was very satisfactory indeed. Further investigation satisfied us that a \$25 blue serge suit was a good standard to work on, and we have recently followed a piece of the goods from the mill to the retailer, with some very remarkable results, which demonstrate the fact that the producer of the goods is getting the small end. The manufacturer sells his cloth to the cutter-up for about \$3.60 and makes a possible profit of 82 cents on the yardage necessary. The clothing manufacturer makes up the suit, trims it and sells it to the retailer for about \$19, and the clothing manufacturer gets a profit of close to \$4.90. The retailer buys for \$19 and sells for \$25, getting \$6 as his profit, and also taking the largest profit from mill to wearer. Thus, as the fabrics proceed from raw wool to made-up suits, the larger factors take the smaller profits and the man standing next to the public, with the least investment and a minimum risk, takes the largest rake-off and without the quiver of a muscle tells his customers that the high price of wool and the tariff make all clothing higher priced.

#### A Hovering Aeroplane.

A flying machine that hovers is the latest promise in aviation. Instability when the wind is high is the conspicuous defect in the aeroplanes we have now. They climb and descend by tilting, and there is always the danger that they may fall to right themselves when it is wanted that they should. All these defects are overcome if the assertion of a Wash-

ing in a straight line away from there. "Cap's a man walk on the street?" he asked in a woebegone voice.

He too had been "filled full of labor" by the traitors to the cause of labor. He had been told that no law could prevent a man from walking on the street, no matter what his purpose may be.

"You keep walking away from here, or we'll throw you in jail," snapped May, and the big Dutchman snarled just once—and moved away.

**AWAIT TEST CASES.**

Two or three similar cases were handled in the same way by the officers, and then everybody settled down to wait the outcome of the two cases in the Police Court today.

"We will enforce the ordinance right along," said Chief Galloway yesterday evening. "We have made two good arrests today, and we will, I am sure, be upheld by the courts."

"We are going to stick right to this thing and make arrests right along," said Police Captain Lehnhausen, in command of the Central Station, with a score or so of plainclothes men and detectives assigned to strike duty.

"We will go right to it, the same as with any other ordinance," declared Deputy City Prosecutor Reeve.

It is all up to the Police Court, in which Police Judge Chambers is presiding this week.

### Phases

the patient himself finds that this is accomplished in a very short time since they have been any time afterward. They do not mind the treatment of over four female attendant and are very dignified, the head of the family claim. We court the information desired.

## PASADENA. BIG "DOINGS" AT DEDICATION.

### 10 FELLOWS HOLD JUBILATION IN THEIR NEW HOME.

Mayor Earley Advises Girls to Take Husbands the Young Men Who Refer to Attend Lodge Rather than Poolrooms—Electric Lighting Still Unsettled.

At the Times, No. 22 S. Raymond Ave., Pasadena, July 20.—Odd Fellows present last night to assist in City No. 226, to celebrate its anniversary by dedicating its home in the Goodridge building Broadway street. The lodge now the most beautiful and complete of any in Pasadena. The celebration, which lasted last yesterday noon and last night, was largely a success.

A programme started in the afternoon when Crown City Lodge of Redlands was instituted. This was followed by a public reception and luncheon. A big "doings" were reserved for evening, when the public was invited. The auditorium was crowded with the excellent music and orchestra. J. W. Chick, introduced W. W. Ogier, who welcomed the guests in the name of the lodge. Mayor Earley delivered an address "Fraternity." After eulogizing the lodge as one of the best cities in the world, he told the members of the lodge that they were the best of a husband.

Interesting addresses were made by J. Jones, secretary of the lodge, and T. R. Duckworth of San Bernardino. A Board of Education last night accepted the invitation of the Association of Trade and Merchants' Association to be held at the public library at 1000 Broadway, Friday night, and answer any question which may be asked regarding proposed new High School and the election, which will occur Friday night. All the members will be present and each will answer the question of his particular department.

Invitation was also extended to the Keppel County Superintendent of Schools, to make a short address on the lines of polytechnic education. An opinion was received from City Attorney regarding the order of holding the election. Some have arisen to the effect that it was not in regular form. The one will be carried out strictly in accordance with the advice of the Attorney.

Options for the Villa and East side-street sites will be received opened at the board meeting this morning. A City Council yesterday took the step toward making the proposed rate on city electricity effective number 1. According to the ordinance, which passed the first reading, it is still a shortage of 533 names, which required number of 400 provided in the resolution passed June 14. Ordinance was offered by Council member, who also submitted a resolution from General Manager Kolner for municipal lighting plant, stating that undoubtedly the city's electric plant will get the remaining subscribers by September 1. In order to make reduction of rates, it is necessary to submit the ordinance the first reading yesterday. It will be for the second reading in one week, which will allow the necessary time before it will become operative.

Ordinance provides for a maximum rate of 8 cents per kilowatt hour, a minimum charge of 75 cents each meter. Kolner states that on 14 the city's plant had 232 customers, and that since that time 225 subscribers have been added, making a total of 457. Out of a possible 400 subscribers in the city, the principal plant will have 400, he asserted.

Edison Company announced yesterday that, beginning September 1, maximum rate will be 8 cents per kilowatt hour, with no minimum charge, regardless of the number of subscribers secured by that time. Subscriber will get the advantage of the 4-cent rate.

Regardless of the large number of subscribers, the city's municipal manager claims, we have added times as much new business since May as the city has," said Mr. Manager Sullivan, of the Edison Company, yesterday. "During the three days we have contracted subscribers who will consume over 100,000 kilowatt hours of electricity every day, and our subscribers are getting advantage of the rates."

After Mayor Earley's return from his vacation he stated that he would be willing to buy the Edison Company, providing satisfactory arrangements could be made. At the same time R. H. Ballard of the Edison Company made a counter-claim that his company would be willing to entertain such a proposal. The remarks yesterday afternoon, nothing has come from each side is waiting for the other to make a move. The Edison Company has been active in the proposed Seco bridge matter and is in the low bridge matter, that the Edison Company will build the bridge, and the Edison Company will build the bridge.

street to Orange Grove avenue, are endeavoring to block proceedings to pave that portion of the avenue with Warrenite. Judge Oscar Wood appeared before the Council yesterday morning with a petition signed by a number of the owners, asking that the avenue be paved with rock-asphalt. Wood stated that in another week he will have his petition signed by more than the necessary number of owners. In view of his statement the Council deferred action for one week.

**FILLMORE STREET FUSS.**  
The property owners of lots within the old assessment district of Fillmore street were served with notices yesterday that unless the assessments levied several years ago for the opening up of the street are paid at once the city will, under the law, take possession of their property. At the time the assessment was made the owners of the property were not notified of the proceedings through the lower courts and lost. They carried it to the Supreme Court where the case is now pending, but the city does not want it a restraint from collecting back taxes, and the city has authority to take possession of the property in the district amounting in all to nearly \$150,000. Much of the land has been sold in the meantime and the new owners at a loss to land which they do. Their property was sold to them with a guarantee that the city would never be able to do anything. Fillmore street, between South Los Robles to South Elmwood avenue and the ninety-three lots involved in the assessment district are now valuable.

**ROW OVER KITTEN.**  
One little mouse-colored kitten, valued at less than two bits, has caused a general neighborhood row, made enemies of old friends, caused a law suit and is the source of no end of strife and discord. It is not the cat's fault, but that of two old friends whose members it want to hold the kitten in their laps at the same time. J. E. Miller runs a grocery at No. 201 Euclid avenue. For some time he owned the cat. One day last week Isaac Wilson, his next door neighbor picked the cat up and took it into the house, alleging it belonged to him. Miller had Wilson arrested on the charge of petit larceny. The case was tried before Justice McDonnell yesterday. The cat was entered in evidence. Many witnesses were examined but the Justice was unable to decide the ownership without further evidence. The case was continued until today, when positively the neighborhood will be called to the witness stand. In the meantime the Humane Society is looking after the welfare of the cat.

The claim against the city for damages amounting to \$25,000, brought by Mrs. Mabel Claudin on account of the death of her son, a young man, caused by his coming in contact with a live wire belonging to the Edison Company while he was employed as a linemen by the municipal lighting plant, was yesterday rejected by the Council. The case will probably be carried to the Superior Court. Property owners in the district of the proposed extension of Euclid street from North Fair Oaks avenue to Glenn avenue, filed a petition with the Council yesterday objecting to the extension. They say it is not needed and if carried out would confiscate much property.

**INFORMAL TEA.**  
One of the charming summer society events was the informal tea given yesterday afternoon by Mrs. William Scripps at her home in Altadena, in honor of her house guest, Miss Ellis of Urbana, Ohio. The afternoon was spent with fancy needle work. Mrs. Scripps entertained her guests at the Annandale Country Club, yesterday afternoon. Tables were arranged for bridge, also refreshments were served. Present were Mrs. Neal K. Traylor, Charles Woodbury, Wallace Woodworth, Fred Nash, Earl West, Lizzie Neime, A. H. Newman, Mrs. J. E. Ratcliff, Misses Florence Doolittle, Helen Fitz, Jessie and Alice Earley and Ellen Lowery.

**TWO WEDDINGS.**  
A pretty wedding of last night was that of Miss Jessie B. Jones and Walter Pearline, which took place at the home of the bride's sister, Mrs. J. F. Withrow, No. 525 West Fifty-fifth Street, in the city. Rev. James H. Lash, pastor of the Lake Avenue Congregational Church, officiating. After the honeymoon, which will be spent at Catalina island, the bride and groom will make their home in Salem, Or.

Another wedding of last night was that of Miss Mary Zeische and William Bramley, which occurred at the home of the bride's parents, Mr. and Mrs. J. M. Zeische, Highland Park. After a short honeymoon trip, Mr. and Mrs. Bramley will make their home at No. 1175 Chilcope street.

Hotel Vista del Arroyo, New Annex, Bungalow. Unexceptionable environment. Phelps for wall paper and paint. Wadsworth sells paints.

**NERVOUS BREAKDOWN.**  
EDUCATIONALIST IS ILL.  
(BY DIRECT WIRE TO THE TIMES.)  
CINCINNATI (O.) July 19.—[Exclusive Dispatch.] Miss Margaret Bayliss, who was formerly the principal of the Anna Louise school, a modern home for business girls, located on East Third street, in Cincinnati, is said to be very ill at the home of Miss Alice Simrall, in Clifton, and has been unable to leave her bed for a week.

Miss Bayliss was taken ill on the day after her arrival in Pasadena, to take charge of a branch of the public instruction in that city. Her physician has told her she cannot leave for another fortnight, at the least. They say that her condition is bad, and she must have rest and quiet. Miss Bayliss has been anxious to go to Pasadena to begin her work, but has had her physician visit her and explain her illness. Miss Simrall says Miss Bayliss will hardly leave Cincinnati for another month.

George Freeth, Lifeguard of Redondo Beach, who is to be presented with medal for bravery in saving nine Japanese.

**Redondo Beach Life Guard Is Notified That for Recent Bravery He Will Be Decorated.**  
REDONDO BEACH, July 19.—A specially engraved gold medal has been ordered by the United States Treasury Department, authorized by special act of Congress, to be presented to George Freeth, Hawaiian swimming instructor and life guard here, for bravery. Freeth was officially notified today that Congress had granted the medal. He received nine Japanese swimmers last night, December 16, 1908, in a fierce storm of Venice. But few medals of this kind have ever been issued by Congress, and Freeth is possibly the only one on this Coast holding a medal of this order. The medal grants a medal of gold for bravery, containing about \$150 of gold.

**UNION MEETING IS HELD.**  
Leading Knights of Pythias Gather from Pomona, Chino, Upland and Ontario.

POMONA, July 19.—A big union meeting of the Pomona, Chino, Ontario and Upland Knights of Pythias lodges was held at the local K. P. hall last night. The occasion was the formal presentation of jewels to Messrs. John H. Lee, E. A. De Camp, R. N. Locks and A. B. Burke, who have been elected to the office of Grand Lodge, made the address of the evening. The high principle of the order. The gathering was made a pleasant reunion for many present, who have for years been identified with Pythianism in this valley. Following the formal ceremonies, a collation was served.

Mrs. William H. Schreman has returned from a trip to Yosemite Valley, where she was called by the death of her brother, A. Colin Baker, who was drowned in a steamboat disaster on May 11.

The "Zoo" at Ganesha Park is proving one of the popular attractions there. At present the collection contains monkeys, coyotes, wild cats, and other animals. The zoo is located southwest of the picnic grounds.

Miss Leah Darrah has returned from a trip to Yosemite Valley. She will spend the rest of the summer at the home of her uncle, J. Hodge, on his ranch here. Miss Maud McComas, who accompanied her, is now visiting friends in San Francisco, and Miss Mabel Bates, also of the party, is with friends in Los Angeles.

**SOUTH PASADENA.**  
July 19.—Rev. John Oliver, pastor of the Methodist Church on El Centro street, addressed the Young Men's Christian Association public meeting in Library Park Sunday afternoon, and took for his subject "Society's Need of Christ."

George Sexton, arrested by Marshal Johnston yesterday for peddling liquor without a license, pleaded guilty this morning before Justice Soper and was given the maximum sentence, a fine of \$300, as he admitted this was not his first offense.

Owners of the four corners at Mission street and Fair Oaks avenue have submitted new designs for ornamental light posts and the Trustees have granted permission to install them. The posts are similar to those in use in Pasadena, with five tungsten lights on each.

Miss Lula Finney, No. 1216 Lyndon street, and seven of her pupils, will take piano recital at the Woman's Clubhouse, Monrovia, tomorrow afternoon at 2:15 o'clock.

E. H. Smith, Santa Fe station agent, and his family, have returned from a month's vacation spent in New Mexico with relatives. His family have gone to Coronado to stay a month.

## "NIGHT-HAWK." MATCH NIBBLER CAUSES BLAZE.

### MOUSE STARTS FIRE IN LONG BEACH APARTMENT-HOUSE.

Place Is Full of Guests and Has no Elevators—Pala Bathing, With Teeth Chattering, Comes Ashore With a Story of Corpses in Surf—Really Board Holds Banquet.

LONG BEACH, July 19.—Manager Lazenby, of the Butler House, four-story structure on Ocean avenue near Pine, awoke this morning at 4 o'clock to find himself choking with smoke. He found the hallways filled with vapor and the woodwork so hot that a burst of flame seemed momentary. With the aid of startled guests the man was located in a washroom, which was in flames, held back by the absence of draught. The fire was extinguished without a general alarm, and a possible tragedy averted, as the house was full of guests, and there are no elevators. A bunch of charred matches near a mouse hole indicated the probable origin of the fire. The damage is small and covered by insurance.

**BATHER'S PAUSE ALARM.**  
Pale with fright, his teeth chattering, a night bather rushed into the bathroom last night and exclaimed that he had swam against a dead man out in the surf. There was a rush for the beach of guards and bathers, but the "bather" turned out to be a life line buoy covered with moss and submerged, against which the bather had rubbed.

**IMPROVEMENT PLANS.**  
The monthly banquet of the Long Beach Realty Board was of more than usual interest. C. J. Curtis, president of the Los Angeles Dock and Terminal Company, spoke on the recent deal whereby the Pacific Electric secured control of the belt line, the dock company reserving forty foot streets for the public along every track. A. M. Goodhue, broker of the plan of the city acquiring all the holdings on the inner harbor in order to hold out favorable opportunities for securing factory sites. S. J. Abrams presented plans for a horsehoof pier extending from American and Pine avenues.

Mrs. William Martin, who was badly burned Saturday while cleaning bed room, was today believed to be out of danger, although her injuries are painful and severe.

**WANT IOWA PICNIC.**  
It is probable the annual Iowa picnic will be held here this year, negotiations resting on the privilege of the picnic being held in Pacific Park. The attendance last year was 9000 and Parsons says there will be more this time.

Considerable phosphorescence was discernible today outside the breaker line and a night display is looked for, with consequent falling out of bathing in the surf.

The Council will meet as a whole as a board of equalization Friday and consider the assessment protests. So far only thirteen have been filed. Modern Women, doing their Royal Neighbors have decided to pitch tents during the annual logrolling in Auditorium street, opposite Pacific property opposite the auditorium, between Pine avenue. The drill grounds will be at the Atlantic school campus.

Glendale and Vicinity Improvement Association Is Working Hard for Larger City.

GLENDAL, July 19.—The consolidation campaign is being actively pushed in Tropico, West Glendale, North Glendale and this city by the Glendale and Vicinity Improvement Association.

A meeting will be held tomorrow evening in the Methodist church, Pacific avenue, near Ivy street, West Glendale, when the matter of the consolidation of that district with Glendale will be discussed. The speakers will dwell upon the fact that the "outcast" people from the four places will join in a basket picnic at Verdugo Park. At each meeting the speakers will dwell upon the fact that the "outcast" people from the four places will join in a basket picnic at Verdugo Park.

**RIDE FOR THE LICENSE.**  
Couple Leaves Camp Rincon at Midnight on Horseback to Get Married in Los Angeles.

CAMP RINCON, July 19.—Leaving here on horseback at midnight, Sunday, Bertrand F. Haywood, aged 30 years, and Kate H. Wright, of the same age, rode over the stage road, through the mountains, to Azusa and there caught the first electric car for Los Angeles, where they yesterday secured a license to wed. Haywood is employed at Coldbrook Camp, in the San Gabriel Mountains, where the woman was a guest at the summer resort.

The couple left the latter camp Sunday evening and reached here late at night. After a short rest they resumed their journey to the office for cupid, maintained by the county, in Los Angeles.

VENICE, July 19.—Upon the initiative of City Trustee Ekins, the board has started the ball rolling in a campaign for the eradication of the rats of the beach. The matter of offering a bounty for each scalp was discussed, and the idea of acquiring municipal traps. The matter was finally turned over to the police department, with instructions to investigate and make recommendations.

**SAN PEDRO.**  
SAN PEDRO, July 19.—Harold Doreles, first mate on the schooner Oliver J. Olsen, was today bound over to the Superior Court in the sum of \$10,000, on the charge of shooting Jack Ojo, a sailor, through the calf of one leg last Saturday. He says he shot in self-defense when the man struck at him with a lumber hook, because he was ordered to do better work in cleaning the deck.
